

SINCE 1965

# Your machining and assembly partner

MACHINING FROM 10 kg TO 20 t, ASSEMBLY 32 t.

## Manufacturing in general of demanding drawing parts from 10 kg to 20 t

### MAXIMAL MACHINING CAPACITIES:

■ **CNC-Turning:**

Ø 1,600 x 10,000 mm, 20 t

■ **CNC multi-tasking horizontal lathe:**

5-Axes Turning milling  
Ø 1,600 x 6,500 mm, 16 t

■ **CNC Vertical turning:**

Ø 1,600 x 1,000 mm

■ **CNC 5-Axes milling:**

3,000 x 3,000 x 4,000 mm, 15 t

■ **Honing:**

Ø 1,250 X 10,000 mm

■ **Deep-hole boring:**

Ø 80-700, length 6,000 mm

■ **Bridge-type measuring machine  
ZEISS ACCURA:**

1,200 x 4,200 x 1,000 mm

## HYDRAULIC AND PNEUMATIC CYLINDERS

Mounted, tested and certified.

Automatic assembly and test system for hydraulic cylinders.

## HOT-STAMPING TOOLS

Machining - Heat treatments and coatings - Dimensional control

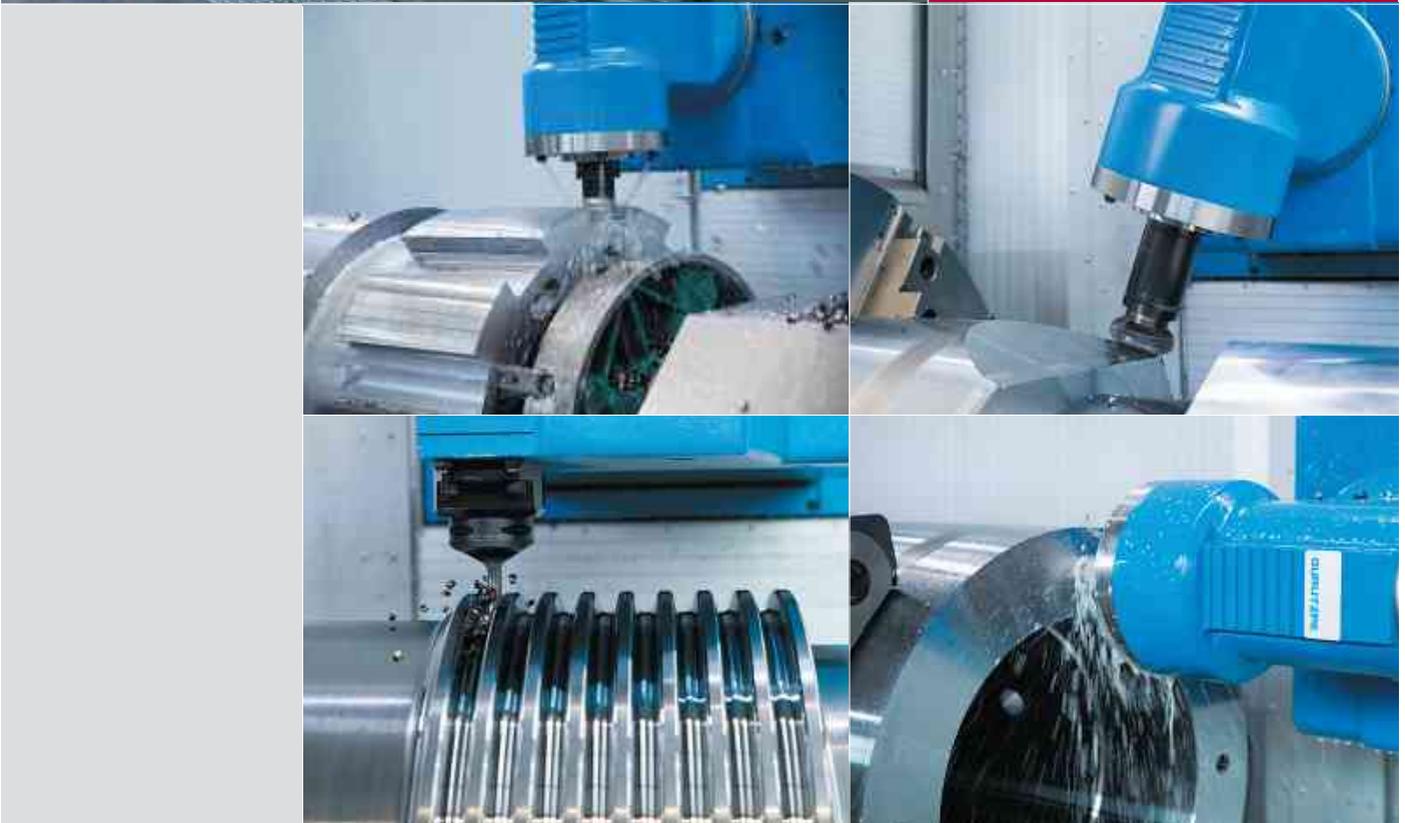

## GURUTZPE GSM 16

### CNC multi-tasking horizontal lathe:

5-Axes Turning milling  
Ø 1,600 x 6,500 mm, 16 t.

Turning and milling in  
one clamping.

ToolScope

 CERATIZIT  
GROUP

Equipped with ToolScope  
from Ceratzit.

Full process control and  
digital monitoring of the  
production.

## OUR PARTNERS

Deep hole boring -Bending- Welding

## HEAT TREATMENTS AND COATINGS

Our partner has over 60 years of industry experience
