IRMAK ÇAĞDAŞ MAKİNA LTD ŞTİ.

About us

- ❖ Our company was established as Irmak Makina Manufacturing Industry in February 1976 in Çorlu.
- ❖ In 1981, a branch was opened in Istanbul Seferağa Industrial Estate.
- ❖ Trakya casting and Hema Hydraulic A.Ş. Various machine parts were also manufactured for companies.
- ❖ It started to serve Kırklareli Glass Industry since 1992. With the Paşabahçe, Mersin and Eskişehir glass factories, mostly the glass industry was served.
- ❖ High quality production capacity has been increased by purchasing CNC lathes and CNC machining centers since 1996.
- ❖ In 1999, the Istanbul branch was closed to production, but the Istanbul branch continues at the office level.
- ❖ It started to manufacture rubber moulds, molds and machine parts since 2002.
- ❖ Institutionalized in 2010, with the same staff and production, Irmak Çağdaş Makina İmalat Sanayi Tic. and Ltd. Sti. production continues.

Mission;

- ❖ To be the preferred business partner in the market by providing customer satisfaction without compromising business ethics, honesty and quality in line with the basic values, gaining value in the sector by producing suitable solutions with the knowledge, experience and quality team we have for customer needs.

Vision;

- ❖ To fulfill all the services our customers expect from us based on reliability and customer satisfaction, and to be a brand in the market as the first choice of our employees and customers with this understanding.

Quality policy

- ❖ In order to realize our competitiveness, profitability and our effort to be a pioneer in the economic field, to follow all the requirements and expectations of our customers with precision and to fulfill them in a reliable and customer satisfaction manner.

Occupational health and Safety

- Accidents are prevented not by wishing, but by taking precautions.

Machine parkour

- ◆ 1 Cnc milling machine 3 axes, table size 1300*1600 mm
- ◆ 1 Cnc milling machine 3 axes table size 400*750 mm
- ◆ 1 Cnc milling machine 3 axes, table size 500*1000 mm
- ◆ 1 Cnc milling machine 3 axes, table size 500*1000 mm
- ◆ 1 Cnc milling machine 3 axes, table size 1500*600 mm

- ◆ 1 CNC lathe machine, machining diameter max 600 mm, work piece length max 500mm
- ◆ 1 CNC lathe machine, machining diameter max 300, work piece length max 500mm, with C axis
- ◆ 2 Universal lathe machine
- ◆ 2 Universal milling machine
- ◆ 1 Fiber Laser
- ◆ 1 EDM machine

❖ Closed area: 800m²

❖ Personnel Number: 27

Our Projects and Services

With our experienced staff for more than 30 years, with our knowledge, experience and experience;

- ❖ Automotive,
- ❖ Household appliances,
- ❖ Food,
- ❖ Building,
- ❖ University Projects etc. We serve industries.

We are able to produce ;

- ❖ Rubber Molds,
- ❖ Machinery, Mold Parts and Engineering Solutions,
- ❖ Automation Solutions,
- ❖ Assembly Apparatus,
- ❖ Control and Test Apparatus,

Rubber injection molds
