11 Mio. €

Machinery Range

22 Injection Machines
from 190 to 380 T
5 Optic Machines
for 100% automatic selection

Subsidiary Company

LTE S.r.l. , Brescia Italy

Rubber compound manufacturer.

Subsidiary Company

Seal-Team S.r.l., Bergamo Italy

From medium to large-sized items
production and co-moulding processes.

Your Rubber Technical Solution

Italstock's main skills consist in mould and product development support and manufacturing of technical and customized drawing parts in elastomeric materials.

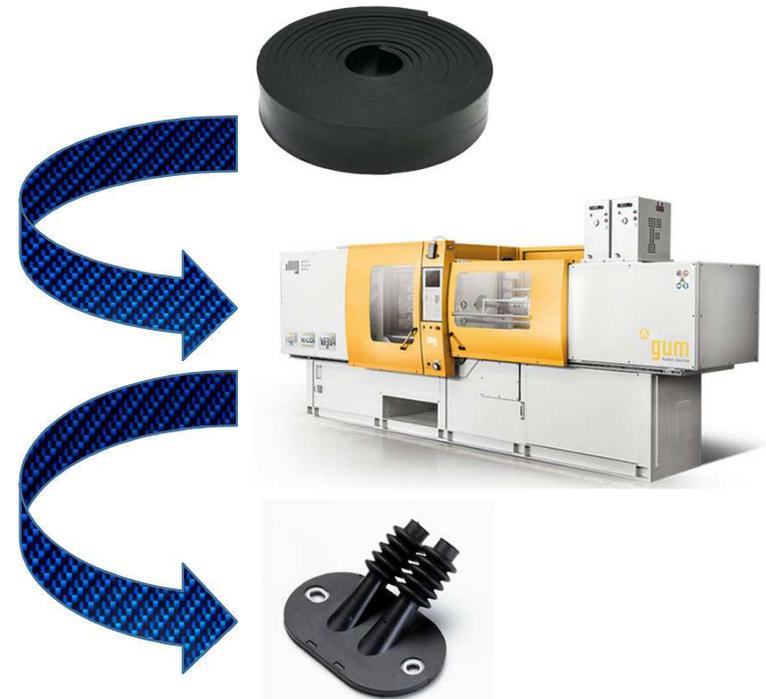

Our commitments flow into automotive, heating, hydraulic, pneumatic, household appliances and industrial fields, where we have been improving our know how since the eighties.

Raw material range is including: EPDM, NBR, HNBR, VMQ, FKM, AEM, CR, LSR.

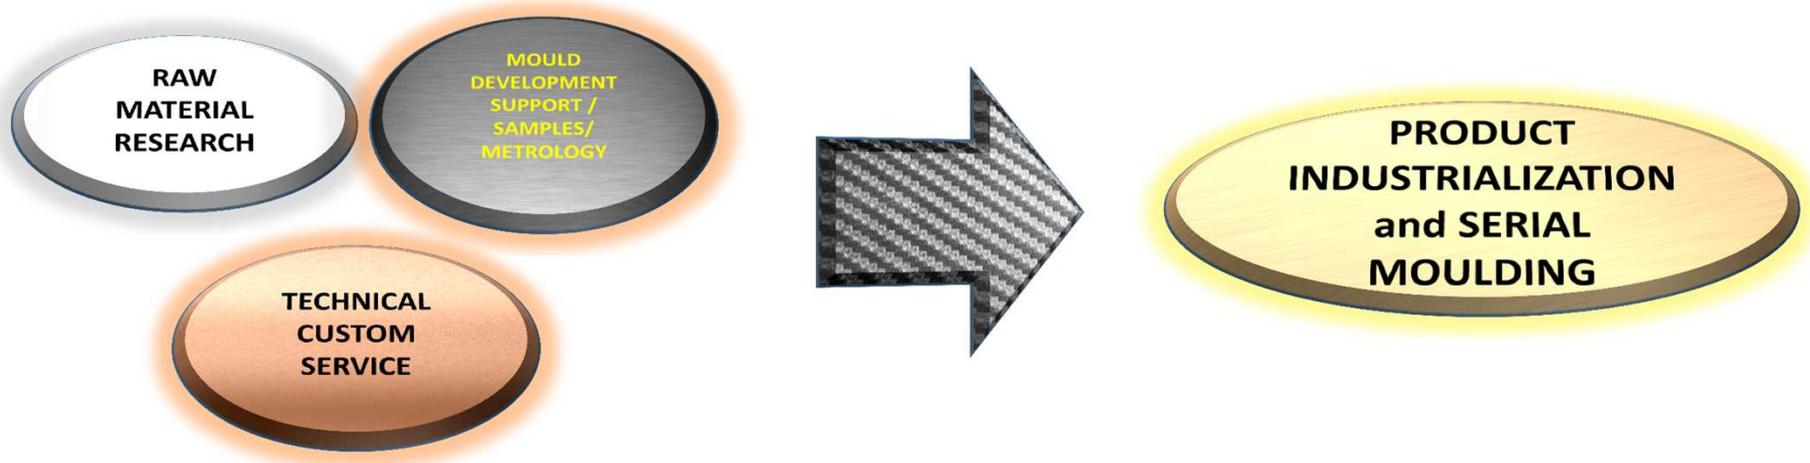

Located in the heart of the rubber industrial pole of Italy, we have always focused our activity on the evolution of: expertise, technology and service.

Certifications:

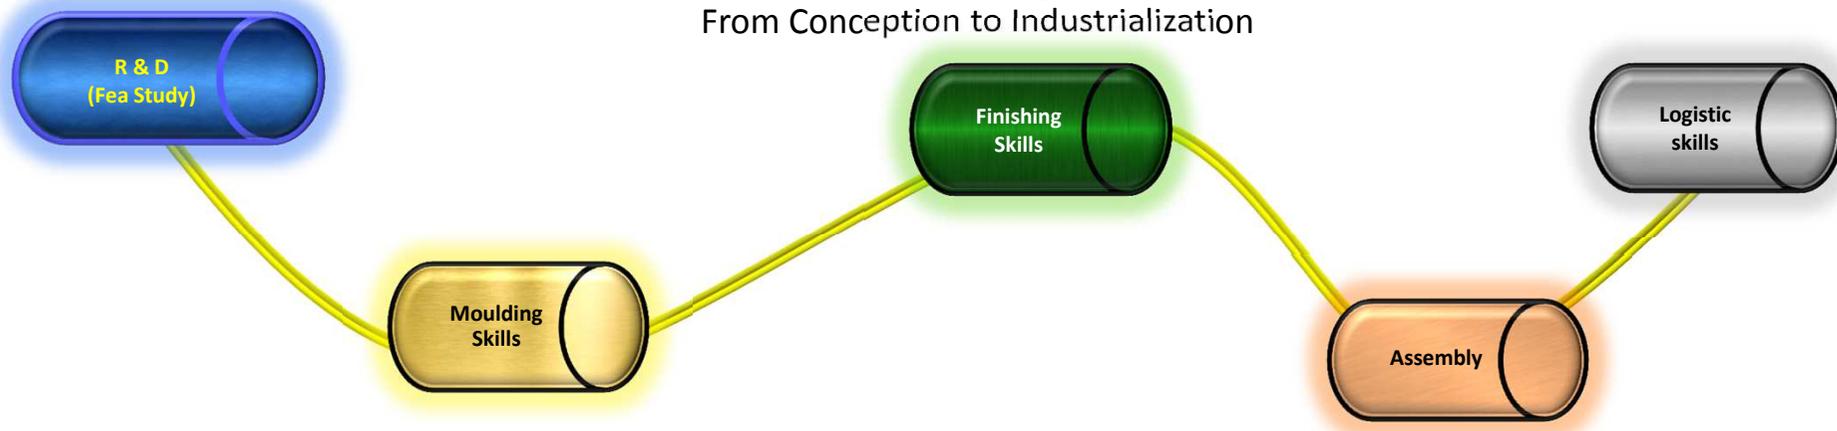

- ISO 9001:2015
- IATF 16949:2016
