

FMT

Fertigungstechnik

Welcome to your partner on an equal footing

You, our customer, will be professionally advised, reliably supervised and supplied. Your wishes and requirements will be accurately planned and carried out.

Just like you, it gladdens us, to work on a optimized fabrication, good accessibility and a long successful cooperation.

FMT-Fertigungstechnik

Was founded on 01.01.2020 by Felix Schweers. Due to the many years of experience in various manufacturing processes, both in manufacturing and in senior positions, there are hardly any limits to finding solutions in this area.

Thanks to our good network of companies in various industries, we can offer a large number of manufacturing processes and ensure the postulated qualities.

In product development, we can draw on a wealth of experience by implementing and introducing our own patents - from the idea, to the design, to the prototype and finally to the finished product.

FMT-Fertigungstechnik resumes your

- Milling 3- and 5-axial
 - Saw cuts
 - Surface treatment
- Manufacturing optimized construction
 - Mounting the assembly
 - Product development

FMT-Fertigungstechnik pros

- Low program costs due to own CAM algorithms
- Low set-up costs due to a high degree of digitization
 - Fast fabrication of components
 - National freight - free shipping
 - International shipping
 - 24/7 accessible
