

**MECCANICA**  
**ITALIA**

**EXCELLENCE AND EXPERIENCE**  
**IN MECHANICAL PROCESSING**

## Our goal

To create the largest international network of mechanical partner companies to offer a **full range of processes** in the following markets:

- Automotive
- Hydraulics
- Food Industry
- Furniture
- Equipment
- Electrical
- Aerospace
- Energy
- Electromechanics
- Oil & Gas
- Green Industry

Those who join MECCANICA ITALIA become part of a network of mechanical excellence and experience, with a focus **on development, innovation and expertise**:

- **2 PARTNERSHIP LEVELS.**
- **A WIDE RANGE OF MECHANICAL MACHINING:**
  - Engineering
  - Dies and Sheet Metal Forming
  - Turning
  - Industrial Automation
  - Milling
  - Grinding
  - 2d and 3d Cutting
  - Bending and Calendering
  - Welding and Structural Steelwork
  - Surface Heat Treatments
  - Assembly
  - Oils and Lubricants
  - Spindles and Tools
- **SUPPORT IN SALES, MARKETING AND PR, HUMAN RESOURCES, ADMINISTRATION AND FINANCE**
- **SCHOOL OF MECHANICS** for theoretical and practical training

## Our plus

### FLEXIBILITY

through **strategic positioning** that guarantees extremely flexible production capacity and an ability to optimise logistics.

### TOTAL COVERAGE

of the **entire supply chain**, from raw material processing to product assembly.

### CERTIFIED SUPPLIERS

for the highest level of service with continual support from our team.
