

Excellence in CNC Machining

Northern Gannet, Lda

Zona Industrial da Mangalaça
Rua António Fernandes Ribeiro, Pav. 7
4740-543 Esposende Portugal

GPS: 41.5375 / -8.7571

VAT: PT513566759

Created in 2015, **Gannet Machine Works** is a Vacuum WorkHolding & Subcontract Manufacturer for high precision CNC machined technical parts, working for the Marine, Rail and Industrial sectors.

We also provide surface treatment and pre-assembly as well as Engineering services such as: Part design & development, simulation, testing and prototyping.

Website & Online Store: <https://www.gannetmachineworks.eu/>

Maximum Part Sizes

MILLING

X: 1400 mm
Y: 400 mm
Z: 400 mm

TURNING

X: 200 mm
Z: 700 mm

MATERIALS

Aluminium, Plastics, Stainless Steel, Brass, Copper, ...

FINISHES

Anodizing, Powder Coating

Depending on part size and complexity, we can safely accommodate productions of up to 4000 parts/month (tolerance DIN ISO 2768-mk or higher).
