# Company Vision

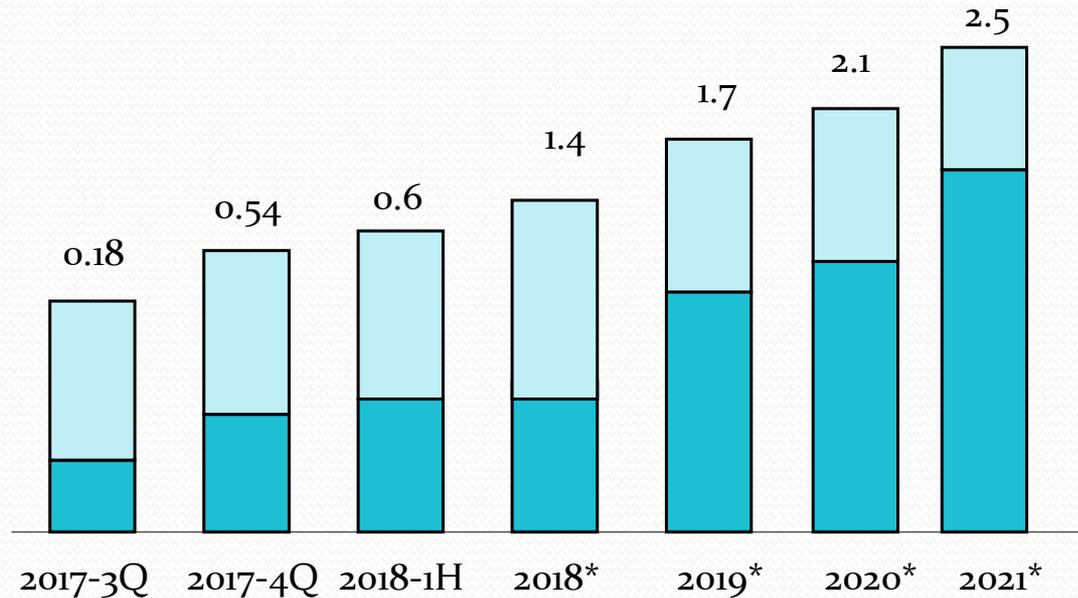

# Profile

- Our company is initially established in 1993 and changed its name with new formation of member of boards in 2017,
- 1.500 m<sup>2</sup> factory area in Istanbul,
- 18 employees with an average experience of 7 years,
- Several local and European customers,
- Growing export figures in total revenue,
- Manufacturing of injection lines, hydraulic systems, power steering hoses and fuel pipes by tube bending, machining, welding

# Facts & Figures

**Kumru Automotive revenues**  
EUR€ million

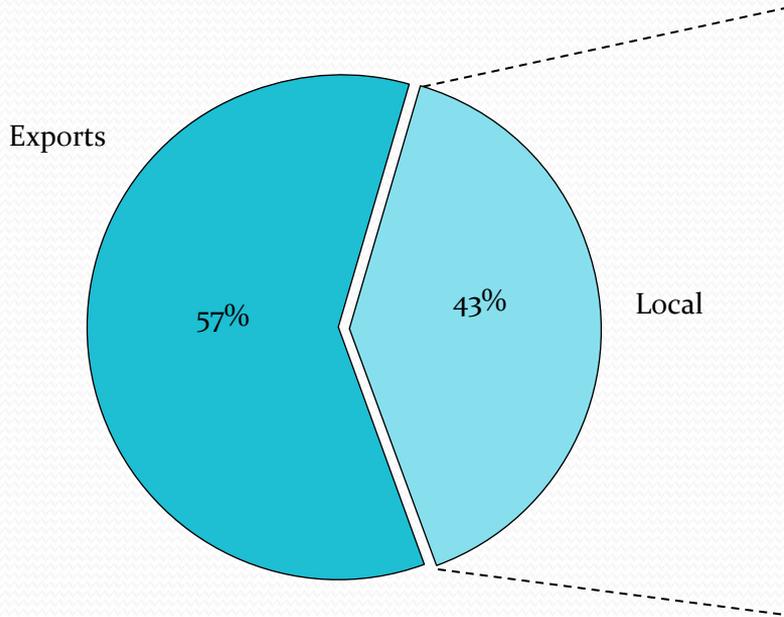

## Focus areas

- Injection Lines
- Vessel Lines
- Leak of Fuel Pipes
- Hydraulic System Lines

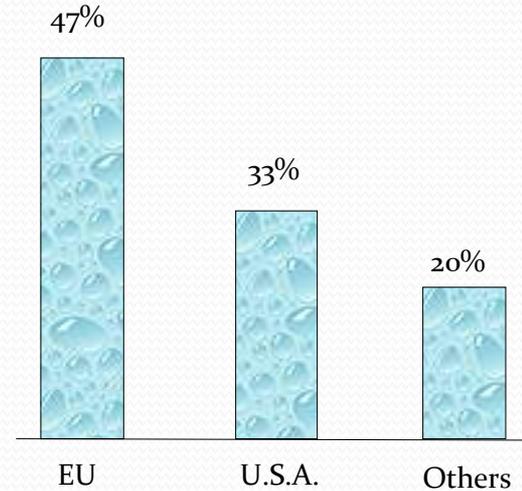

- 
- P.T.F.E. Hoses
  - Special Items
  - Fuel Hoses
  - Valve Mechanism Fittings

\* expected

# Breakdown of Revenues

Breakdown of exports by country

# Machinery

- CNC Tube bending 3 axe,
- Robot bending OPTON\*,
- Breuckmann 3D scanner\*\*,
- End forming machines with 5 strikes,
- Hose crimping machines,
- Induction welding\*\*\*,
- Testing equipments for leakage and pressure tests

\* Investment for 2019 - 4Q

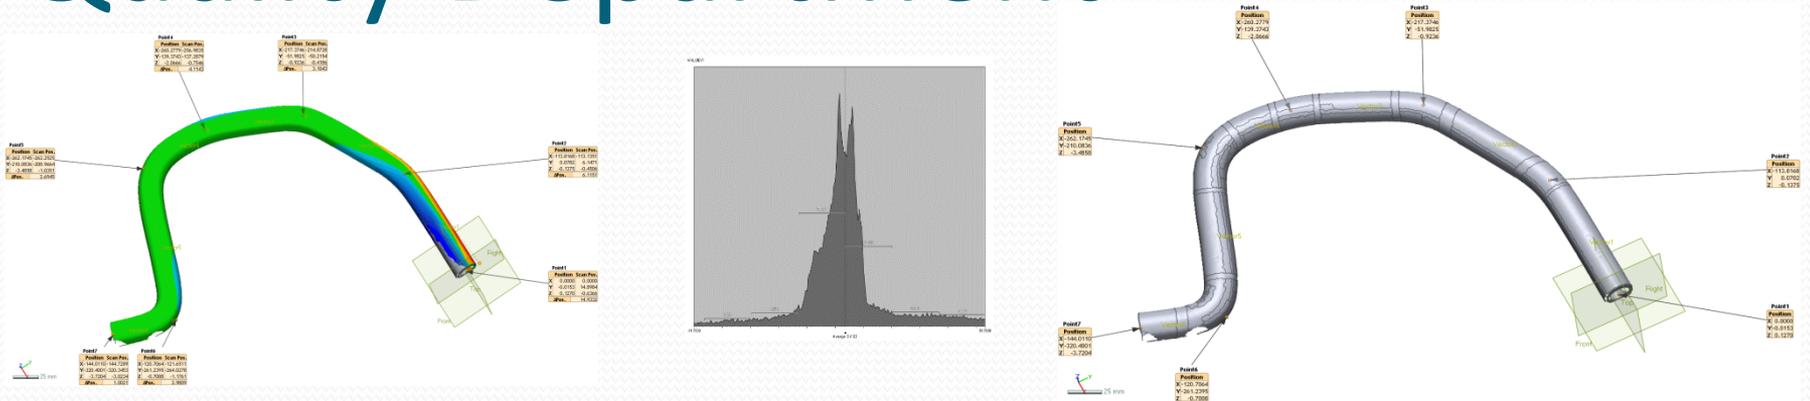

\*\* Investment for 2019 - 2Q, however we are currently outsourcing this process

\*\*\* Investment for 2018 - 3Q
