Treviso - Italy

What we do

For over 20 years, we have helped small and medium-sized Italian and European companies in **to reduce their procurement costs for mechanical customized components**

We are able to do this thanks to:

Expertise in multiple processing technologies

Extensive network of Italian and Asian manufacturing partners

Logistic and organizational capabilities

Our team

Mirco Della Libera

Funding Partner, Sales and engineering

Nicola Antoniazzi

Director, Sales and engineering

Mattia Della Libera

Partner, Marketing and Operations

Roberta Zanon

Account Manager, Italy and Germany

Giovanna Scarpis

Account Manager, Europe and Asia

The articles we supply

The technologies we use

We provide a wide range of technologies
to supply articles ready for the production line

Powder metallurgy

Sintering

Metal injection molding

3D printing

Heat treatment

Nitrocarburizing, induction hardening,
carbocementation, solubilization,
quenching, carbonitriding, etc.

Casting

Investment casting

Sand casting

Die casting

Surface treatments

Anodizing, burnishing, chrome plating,
phosphating, nickel plating, galvanizing,
painting, electropolishing, etc.

Machining

Automatic turning and milling

Cold stamping

Laser cutting

Additional processing

Mechanical assembly, washing, polishing,
grinding, shot blasting, shot peening, etc.

How we do it

Phase 1 | Upon receiving your request for quotation, we take care of:

Identifying the most **suitable technology** to reduce costs and manufacture complex parts

Engaging with **suitable and economically competitive suppliers**

Presenting our best offer to you

Phase 2 | Upon receiving your purchase order, we take care of:

Managing the **sampling and product certification phase**

Managing the progress of **production within the required timelines**

Executing any **heat treatments, surface treatments, mechanical assemblies, etc.**

Phase 3 | Upon arrival of the goods at our warehouse, we will take care of:

Performing **quality control upon acceptance**

Pack and ship the goods according to your requirements

Manage reorder quantities with a **Kanban perspective**

Do you want to find out
if we are the right fit for you?

Send us a request for a quotation!
