# BUSINESS PRESENTATION

CNC MACHINING Company

METAL-InoV Engineering S.R.L. is a company whose main activity is focused on the field of machine building, more specifically mechanical precision machining on CNC-milling machines.

The company was established in 2021, based on graduates of the Faculty of Maschinenbau in Cluj-Napoca, with extensive experience in the field of machining. The head office of the company is in Satu Mare, SM county, and the actual activity is carried out in Cluj-Napoca.

# MANUFACTURING POSIBILITIES

**LASER-CUTTING**

**SANDBLASTING**

**TURNING**

**CNC-MILLING**

**SURFACE  
TREATMENTS**

**HEAT  
TREATMENTS**

## MANUFACTURING POSIBILITIES

### CNC-MILLING

- 1x Vertical Machining Centre MIKRON VCE-750 (**HAAS**), with workspace capacity  $x=750$ ,  $y=430$ ,  $z=500$ . (tolerances of the machine are  $\pm 0.02\text{mm}$ )
- 3x Vertical Machining Centre MIKRON VCE-500 (**HAAS**), with workspace capacity  $x=500$ ,  $y=430$ ,  $z=500$ . (tolerances of the machine are  $\pm 0.02\text{mm}$ )

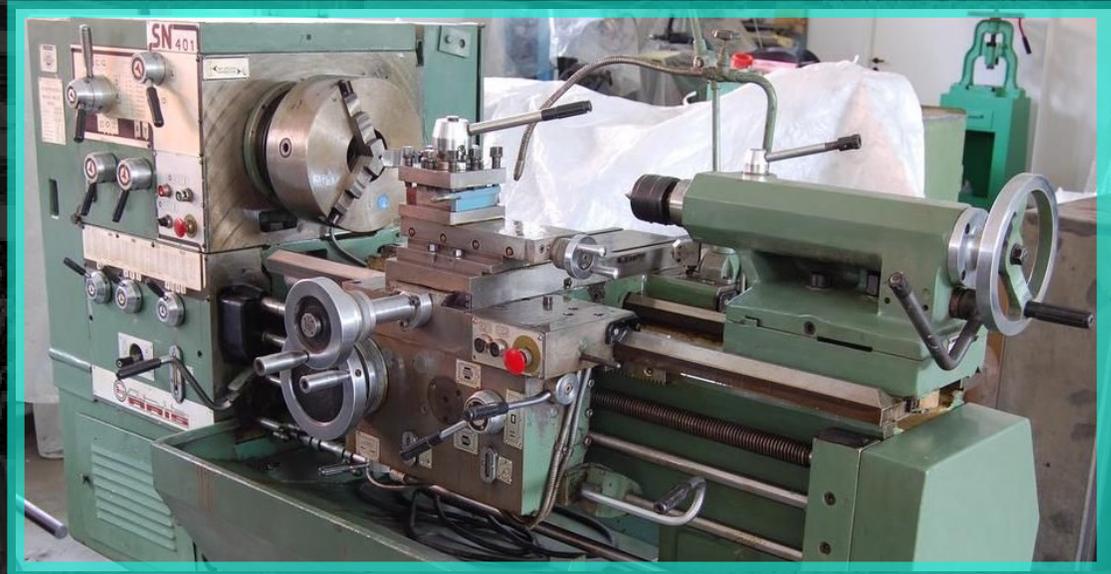

**TURNING**

- 1x SN400 x 1000mm

**MANUFACTURING POSSIBILITIES**

# SANDBLASTING

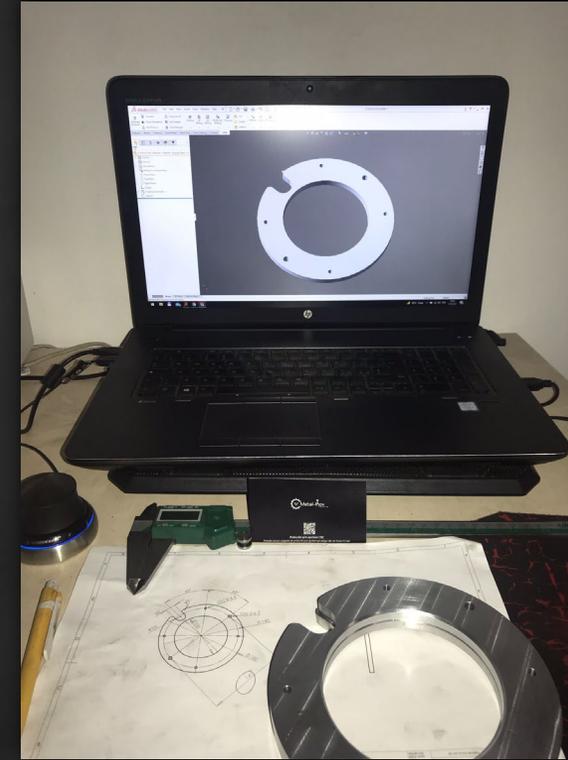

- 1x SANDBLASTING MACHINE BREMOR UB80

MANUFACTURING POSIBILITIES

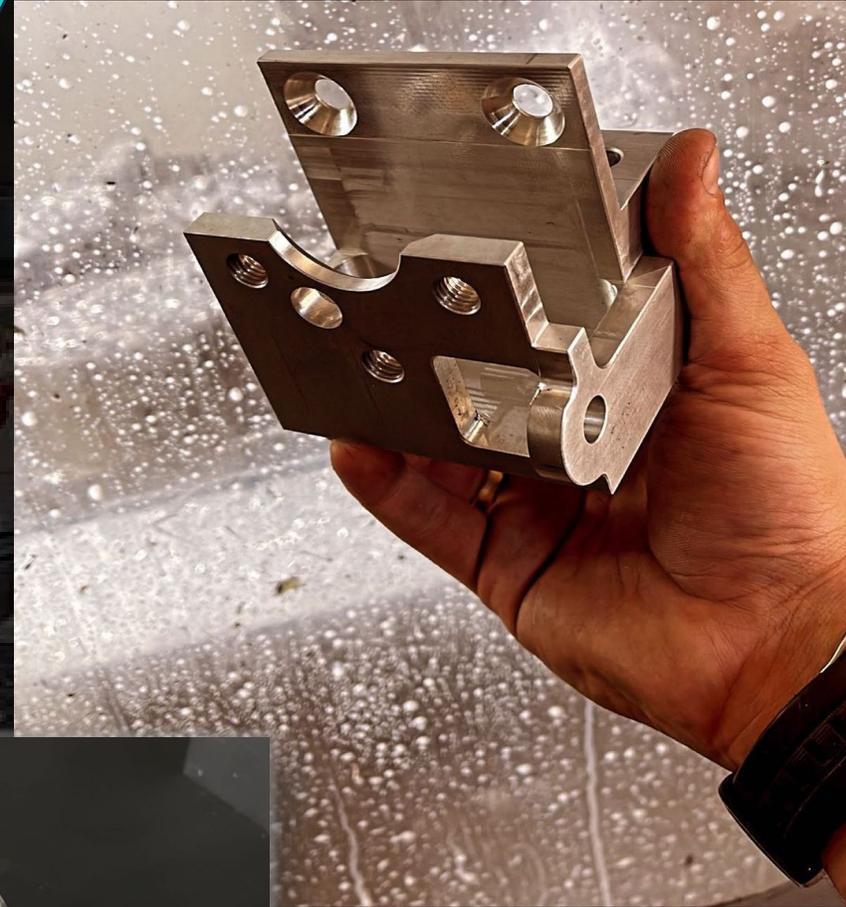

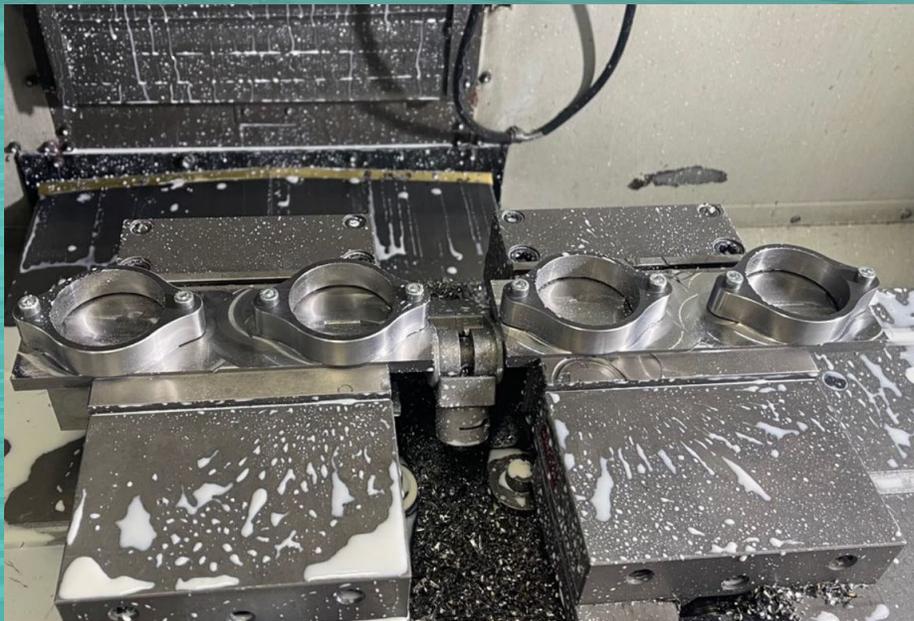

Machined-parts by us:

The strengths of our team are:

QUALITY, FIRST!

IN TIME  
DELIVERY

SERIOUSNESS

CONSISTENCY

PERSEVERANCE

## DETAILS ABOUT WHERE WE DO OUR WORK

OUR LOCATION

Calea Baciului 2-4, Cluj-  
Napoca, Romania

For contact details please find below:

Contact person: eng.Vasile-Ovidiu VLAD ( administrator )

email: metalvengineering@gmail.com

tel: +40 748 802 430

Work-point address: Str.Calea Baciului 2-4, Cluj-Napoca

We hope to establish a beautiful and long-lasting collaboration based on respect and trust.

Thank you for your attention!
