

Sez Mühendislik Makine San. ve Tic.Ltd.Şti

July 2023

SEZ MAKINA IS A PRECISION ENGINEERING COMPANY

- Sez Makina was established in **2010** as a solitary precision engineering company to provide spare parts support needed by the automotive and manufacturing industry
- In 2018, Sez Makina reached the target of **\$1M** in revenue and became an **LTD**
- Currently, we have a fleet of 15 pcs CNC Machines and 12 talented employees supporting our business

We bring **UTOPIA** into reality within the framework of the **good-fast-cheap** triangle!

SERVICES

At Sez Makina, we specialised in **CNC Milling, CNC Turning, CNC Gear Hobbing and CNC Laser Cutting** technologies ensuring top-notch quality and impeccable craftsmanship.

(Stainless) Steel

Brass

Aluminium

PVC

Polyamide

Cestamide

Partnering with **Sez Makina** means gaining access to a comprehensive manufacturing solution that goes beyond our capabilities. As industry leaders, we collaborate with trusted manufacturers in our network, enabling us to take full responsibility for the quality of your parts.

How We Machining

CNC Milling Machines

We currently have 5 pcs 3 axes CNC milling machines on our shop floor.
(Including C rotary Axis option)

CNC Turning Machines

We currently have 5 pcs 3 axes CNC turning machines on our shop floor.
(Including C rotary Axis and multi-turret options)

CNC Laser Cutting

We currently have 1 pcs CNC Laser cutting machine on our shop floor.

CNC Gear Hobbing

We currently have 5 pcs CNC Gear Hobbing machines on our shop floor.

How We Operate

We Are Certified

Our processes, systems or personnel competencies are compliant with international standards!

Digitalized Shopfloor

We allow our customers to track their production line!

We Work 24/7 for You

We currently work 24/7 to provide fast services for our customers.

We Care for Our Planet

Only through sustainable growth can we jointly improve the quality of life and transform the everyday of billions of people worldwide.

How We Measure/Quality Matters

DEA Global Performance

We measure the equipment with high-accuracy measurement systems and create the measurement report. Currently, we have one pcs of DEA Global High Accuracy Performance Measurement System.

Mitutoya

We measure the equipment with high-accuracy measurement systems and create the measurement report. For this purpose, we also obtained the following list of measurement devices.

1 pcs of Mitutoyo Digimatic Double Column Height Gage 0-300mm.

We also have several Mitutoyo micrometers, callipers, digimatic height gauges
