

Sung Precision Mold & Plastic Co., Ltd

20+ years of experience plastic molder

From rapid prototyping to OEM production

One-stop custom parts solutions

<https://sungplastic.com>

Who We Are

Sung Precision Mold & Plastic Co., Ltd. is located in Dongguan City, China. Since 2002, Sungplastic has been helping customers with their custom parts needs, providing customers with professional manufacturing solutions to achieve time and cost control.

At Sungplastic, we focus on manufacturing high-quality plastic injection molding parts. Using our years of experience in plastic injection molding manufacturing for various applications, we can provide you with professional opinions and suggestions in a timely and accurate manner, and support complete project management services, including material selection, procurement of parts, as well as product development, engineering and mould manufacturing, etc...

We have shipped nearly 8M+ parts and assemblies to numerous industries. Customers choose Sungplastic as their prototyping supplier and plastic molder because of our outstanding customer service, consistently high-quality parts, and reliable on-time delivery.

When you get in touch with us, fast, reliable, clear and direct communication will go on in the whole manufacturing process. Just contact us for a quick quote, we will be available online 24/7 to support your business.

Core Services

Tooling and Engineering

Mold Design
Injection Mold Making
Fast Prototype Molds

<https://sungplastic.com>

Plastic Injection Molding

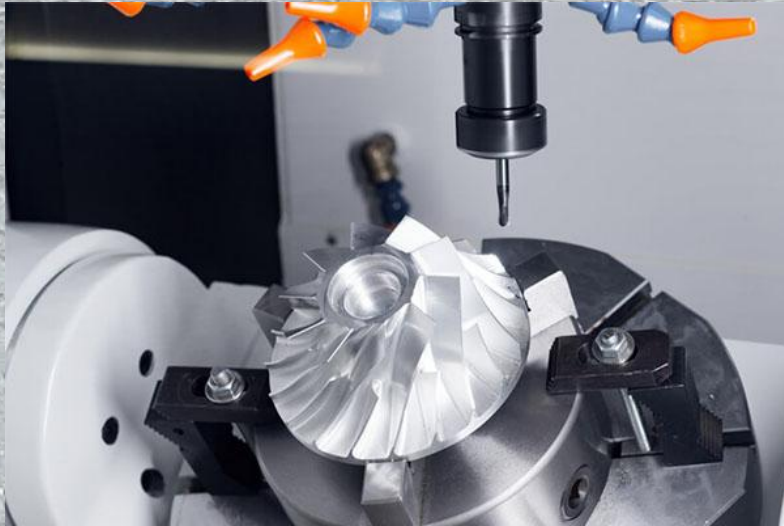

Low-volume & mass production
Injection molding prototyping
Custom plastic & rubber parts

Rapid Prototyping

CNC rapid prototyping
3D printing prototyping
Plastic & metal prototypes

Additional Services

CNC Machining

3 / 4 / 5 Axis Machining
Metal / Aluminium / Plastic
Materials

<https://sungplastic.com>

Sheet Metal Stamping

Sheet Metal Stamping /
Extrusion / Bending / Drilling

Metal Injection Molding

Custom metal materials and
alloys parts.

Facilities

Injection Molding Machines

- 1 SANSHUN 480Ton
- 2 SANSHUN 380Ton
- 6 Japanese TOSHIBA 250Ton
- 3 HAITIAN 168Ton
- 2 South Korea LS 168Ton
- 3 Taiwan ChenHsong 128Ton
- 4 SANSHUN 120Ton
- 2 SANSHUN 100Ton

Facilities

Mold Tooling Equipments

- 4 CNC Machines
- 4 Grinding Machines
- 5 EDM Machines
- 4 Drilling Machines
- 2 Silkscreen machines
- 1 Laser label machines
- 2 Ultrasonic welding machines
- 2 Assembly line

Case Studies 1

<https://sungplastic.com>

Car Water Tank

Material: Modified PP + nylon

Manufacturing details:

Sample 3D scanning

Moulds design

Injection molds manufacture

Injection molding production

Ultrasonic melting for plastic parts

Contact Us

Case Studies 2

LED Cover

Material: Japan optical grade transparent plastic PC 1250Z, imported S136H super mirror A grade plastic mold steel.

Manufacturing details:

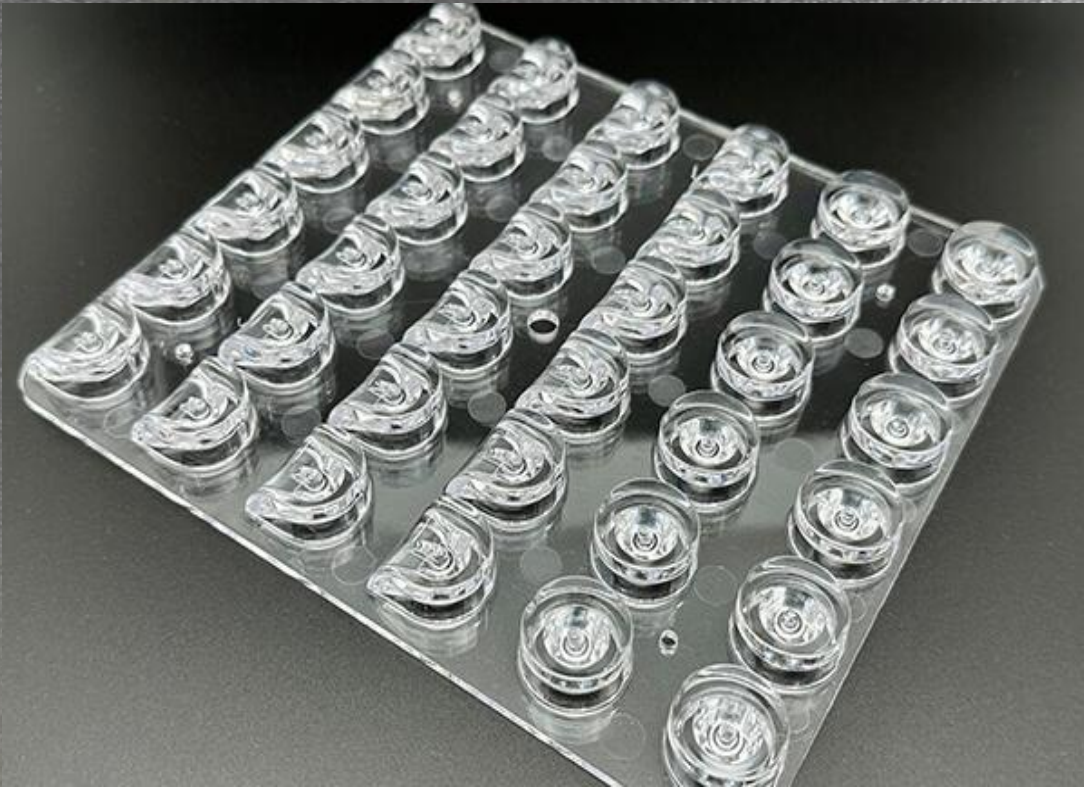

Lens design

Precision mold building

Injection molding mass production

A Manufacturing Partner You Can Trust

Name: Ronaldo
Country: The U.S.A
Evaluation: We are assembling the parts on the tools, and for the moment, everything is ok. Thanks for your support.

Name: Marina
Country: Portugal
Evaluation: Great. I do appreciate for your support.

Name: Cristiano
Country: Italy
Evaluation: Noted for your DHL info, Thanks so much for your always good support.

Name: 岩崎ひろみ
Country: Japan
Evaluation : Yes, we received the inserts and everything is perfect.

Name: Alexandro
Country: Mexico
Evaluation: Thank you so much for your excellent support us.

Name: Oscar
Country: Spanish
Evaluation: Yes,they looked great!

Name: Rakesh
Country: Malaysia
Evaluation: After check with our team. We already get the good as well. Thank you for your good support.

Name: Paulo
Country: Brazil
Evaluation: The price looks good.I will ask our purchase issue the PO to you within today.

Plan Your Business with Us.

01

Upload Project Designs

Upload your designs files (2D or 3D) & tell us important details about your project.

02

DFM Review + Quote

Comprehensive design for manufacturing (DFM) analysis to optimize your parts. The most suitable manufacturing solution and affordable quotation.

03

Confirm Order

Once you accept our quote, begin working with our team to make your ideas a reality. Our project team communicates seamlessly throughout the entire process.

04

Receive Your Parts

Your custom parts are delivered safely to your doorstep by express, by air or by sea.

More Services

- Product Assembly
- Custom Packaging
- Safe Transportation
