

FITECO Ltd. – Company Profile

Company: FITECO Kft.

Location: H-7100 Szekszárd, Hungary

Website: www.fiteco.hu

Company Overview

FITECO Kft. was established in 2007 and specializes in precision sheet metal manufacturing. We provide customized sheet metal components and assemblies for industrial customers, from prototype development to small and medium series production.

Our company combines modern manufacturing technology, engineering support and flexible production capacities to meet the requirements of demanding industrial sectors, including machinery manufacturing, automation and automotive supply chains.

Manufacturing Capabilities

- Fiber laser cutting
- CNC punching
- CNC bending
- Welding and assembly
- Sheet rolling
- Engineering support and CAD-based manufacturing preparation
- Powder coating through qualified partner network

Materials Processed

- Carbon steel
- Stainless steel
- Aluminum
- Copper
- Corten steel

Quality

- ISO 9001 certified quality management system
- Focus on precision, repeatability and on-time delivery
- Experience with demanding industrial and automotive customers

Why FITECO?

- More than 18 years of sheet metal manufacturing experience
- Flexible production from prototypes to medium-volume series
- Engineering support from design to finished product
- Reliable Central European manufacturing partner
- Competitive lead times and responsive communication

We would welcome the opportunity to discuss potential cooperation and provide further information regarding our manufacturing capabilities.
