| Item                      | value   |
|---------------------------|---|
| Available Drawings Format | stp, step, igs, iges, x_t, sat, stl, sldxml, prt, ipt, dxf, dwg, PDF, jpg, jpeg, png, etc   |
| Type                      | 1. metal:aluminum: 2024,5052,6061,6063,6082,7075 etc.<br>Steel: carbon steel (No. 10, 15,20,25,30,35,40,45...80).etc.<br>alloy steel (15Cr,20Cr,42CrMo) and other etc.<br>Stainless steel 201,202,301,302,303,304,316,317,420,430,440,630 etc.<br>Brass,copper,bronze:H62,H65,H90,HA177-2,HPb59-1, HSn70-1 etc.<br>Titanium:TA1 ,TA2,TA3,TA4,TA5,TC1,TC2,TC3,TC4,TC5 etc. |
|                           | 2. plastic: ABS,POM,PE,PP,PVC,PC,PMMA,PPS,nylon,acrylic,bakelite etc.   |
|                           | 3. others: carbon fiber, fiberglass, wood, hard rubber,PU, etc.   |
| Material Capabilities     | Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys  |
| Manufacturing Service     | CNC machining,milling,turning,grinding, wire EDM cutting,cnc prototype/jig/fixture,laser cutting,other metal fabrication,like Stamping,Bending,Casting.etc.   |
| Finishing                 | Nickel plated/Painting/powder coating/anodized etc+/-0.01mm   |
| Surface Treatment         | anodizing,blackening,electroplating(zinc,nickel,chrome),electrophoresis, painting,powder coating,passivate,carburize etc  |
| Logo                      | laser engraving, CNC engraving, screen-printing etc.  |
| Quality                   | 100% QC Test before shipment  |
| CE or ISO                 | passed  |
| Color                     | customized  |

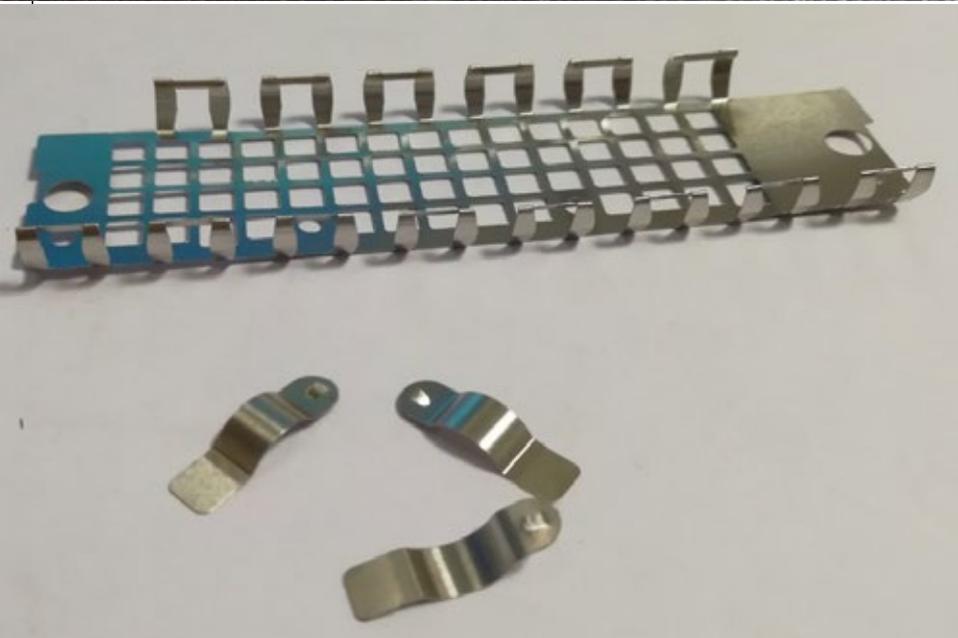

# STAMPING

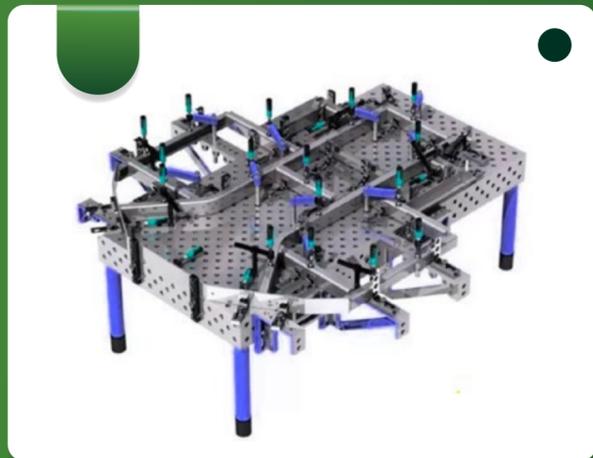

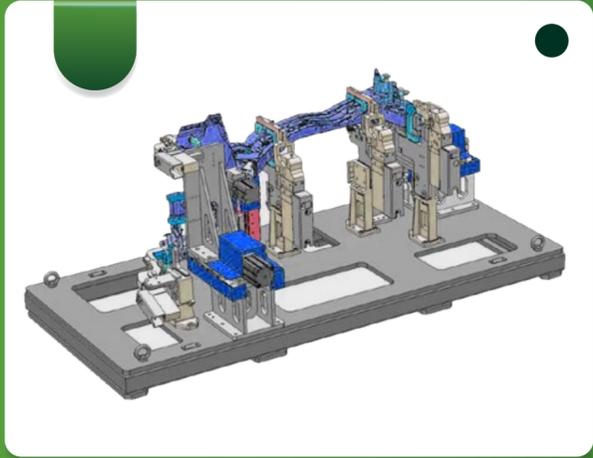

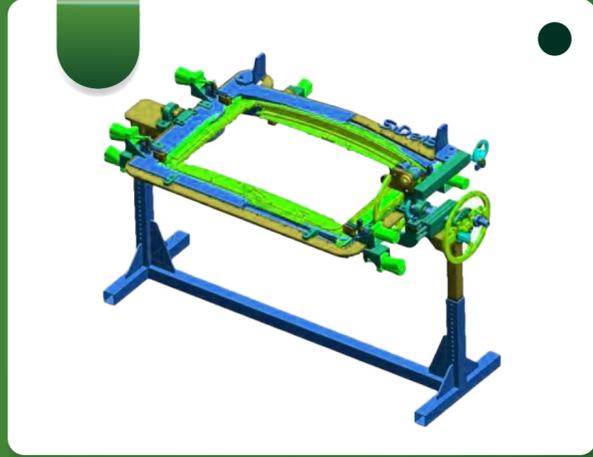

# WELDED & CONTROL FIXTURE DESIGN & PRODUCTION

We design and manufacture Welding Quality Control Fixtures, which shorten the welding and control times of companies engaged in mass production in sectors such as automotive and white goods, and provide precision welding, with our experienced staff, with the desired precision.

|                   |   |
|-------------------|---|
| Product Name      | High Quality Welding Fixtures and Welding Jigs  |
| Material          | Aluminum (6061,6063...), Brass, Copper, Brass, Satinless Steel(301,302,303,304...), super alloy   |
| Surface Treatment | Polishing, Painting, Chroming, Anodizing, Brushing, Ink printing, Laser printing, Laser Cutting, Sand blasting, Shot blasting, Gilding, UV Painting...  |
| Equipment         | CNC, EDM, Wire cutting, CNC turning, drilling, flat grinder, centerless grinding machine  |
| Software          | CATIA/UG/AUTO CAD/ROBCAD/Delmia   |
| size              | Customized  |
| Color             | Customized  |
| Type              | Arc Wedling Jigs,Spot Welding Jigs,Laser Cutting Welding Jigs,Laser Welding Jigs  |
| Application       | Mainly Automotive manufacturing industry,Home Appliance industry,Medical Equipment--Such as: Whole Car,Car Frame,Car Hood,Car Door,Sunroof,Chassis,Girder,Stamping parts, Hot-Forming Parts,Plastic-Auto Parts, |
| Auditor           | The Third-party to audit the fixtures/jigs  |
| Quality System    | ISO 9001: 2015  |
