

The company FERO-PACT SRL has as main field of activity the manufacture of tools, focused especially on machining operations with CNC machines

Milling workshop

Turning workshop

In our workshop we have the following facilities:

- Vertical machining center in 3 axes
Hurco VM30i

Travel X 1270 Y 510 Z 510
Spindle 10000 rpm

- Vertical machining center in 3 axes
HAAS MiniMill

Travel X 406 Y 306 Z 250
Spindle 6000 rpm

- Vertical machining center in 3 axes
Realmecca C200

Travel X 300 Y 250 Z 250
Spindle 5000 rpm

- Vertical machining center in 3 axes
Realmecca C2

Travel X 300 Y 250 Z 250
Spindle 4000 rpm

- Lathe Realmecca T2

Travel Z 300 X 200
Diameter max 100 mm
Spindle 3000 rpm

- Lathe Realmeca T2

Travel Z 300 X 200
Diameter max 80 mm
Spindle 3000 rpm

- Lathe Challenger 1

Travel Z 300 X 150
Diameter max 100 mm
Spindle 5000 rpm

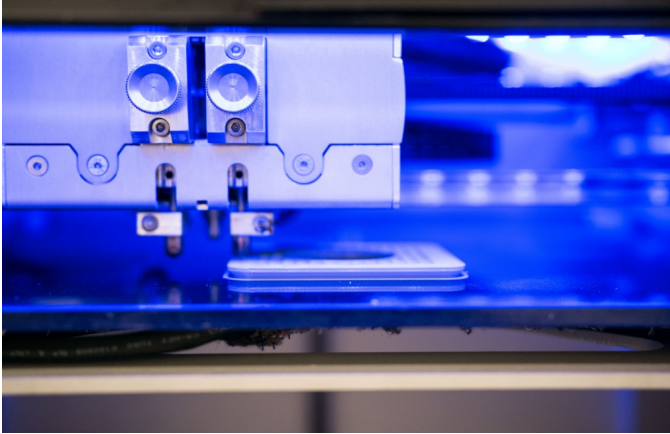

- 3D Printer Leapfrog XEED

Travel X 250 Y 220 Z 230

Dual extruder

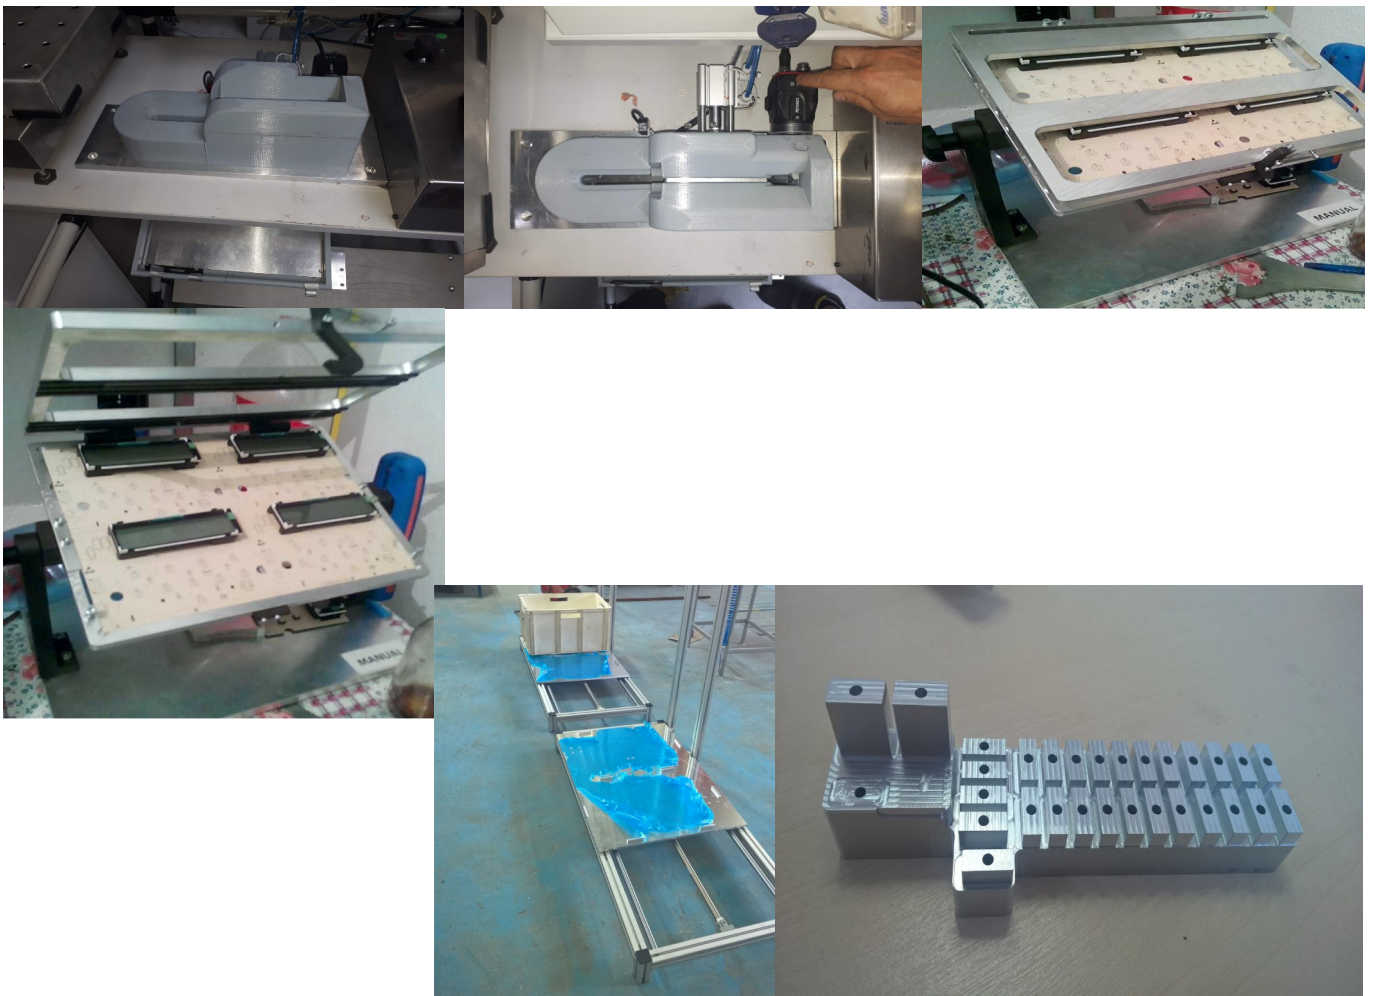

Materials PLA, ABS, HIPS, Flex, Nylon, Hybrid, Woodfill, Carbon

Precision machining:

Mounted devices and assemblies

Molds
