ABOUT COMPANY

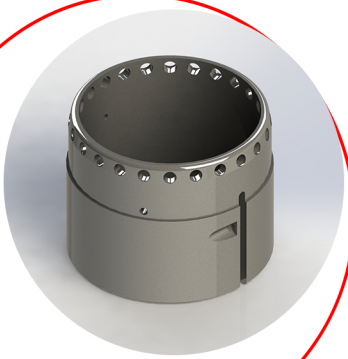

CNC MILLING Sp. z o.o. Sp. K. is a modern tool shop with extensive experience in serial and unit production, performed on CNC milling machines and lathes, electrical discharge machines and grinders.

Our know-how supported by many years of experience allows us to produce elements for the food, pharmaceutical, chemical, automotive and many other industries.

WE SPECIALIZE IN MANUFACTURING OF:

- machine parts;
- gauges;
- injection molds;
- stamping dies;
- cutting dies;
- and other specialized tools;
- complete robotic stations;
- specialized machines for various industries;
- grippers;
- conveyor systems;
- assembly stations.

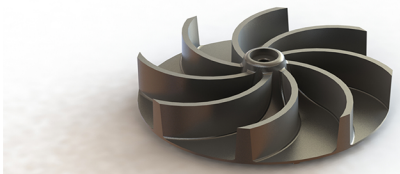

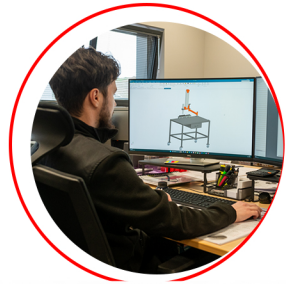

WE OFFER:

- milling on CNC machines;
- turning on CNC machines;
- electrical discharge machining;
- saw cutting;
- quality control;
- welding and hardfacing;
- tool locksmithing;
- part production for maintenance services;
- engineering and technological support;
- reverse engineering;
- selection of materials;
- thermo-chemical treatment;
- selection of coatings.

IN OUR DESIGN OFFICE, WE PREPARE THE REQUIRED DOCUMENTATION:

- 2D and 3D documentation;
- pneumatic documentation;
- electrical documentation;
- process simulations;
- technological documentation (welding, gluing plans);
- work ergonomics;
- MTM analysis, cycle diagram.

MACHINE PARK

MANUAL LATHES (z,y,x)
- TUR 560 E (turning range 560 x 1500 mm)

NUMERICAL LATHES (y,x)
-MAZAK 350 NEXUS II MY (turning range 350 x 1500 mm)
-MAZAK 250 NEXUS II (turning range 250 x 450 mm)
-MAZAK NEXUS 200 II (turning range 200 x 1000 mm)

NUMERICAL MILLING MACHINES (x,y,z)
EMCO FAMUP MMV 200/80 LD (grinding range 2000 x 800 x 700 mm)
EMCO FAMUP MMV 200/80 LD (grinding range 2000 x 800 x 700 mm)

NUMERICAL MILLING MACHINES (x,y,z)
DMU 50 ECOLINE (grinding range 500 x 450 x 90 mm)
DMU 50 ECOMILL (grinding range 500 x 450 x 400 mm)
DMU 50 ECOMILL (grinding range 500x450 x 400 mm)
DMU CMX 70 U (grinding range 750 x 600 x 520 mm)
DMU 75 MONOBLOCK (grinding range 750 x 650 x 560 mm)
DMU 75 MONOBLOCK (grinding range 750 x 650 x 560 mm)
DMU 95 MONOBLOCK (grinding range 950 x 850 x 650 mm)
DMU 80P duoBLOCK (grinding range 850 x 1050 x 800 mm)
DMU 200 GANTRY (grinding range 2500 x 2500 x 1300 mm)

MANUAL SURFACE GRINDER (x,y,z)
JOTES SPD40 (grinding range 1000 x 400 x 300 mm)

NUMERICAL SURFACE GRINDER (x,y,z)
GEIBEL & HOTX FS 420 SD (grinding range 650 x 450 x 375 mm)

WIRE ELECTRICAL DISCHARGE MACHINE (x,y,z)
FANUC ROBOCUT - C600IA (cutting range 700 x 600 x 300 mm)
FANUC ROBOCUT - C600IC (cutting range 700 x 600 x 400 mm)

EDM DRILL MACHINE
BOAMA BMD 703 (drilling range 400 x 400 x 320 mm)

WELDING
MIG/MAG Method
TIG Method

LASER MARKING
LASER MARKER - MODEL LF50
