

**GBM**

**LAVORAZIONE ALLUMINIO E LEGHE**

SINCE  
1991 WE WORK ALUMINUM  
AND ALLOYS WITH QUALITY  
AND RELIABILITY.

LAVORAZIONE  
ALLUMINIO E  
LEGHE

GBM SRL was founded in 1991 and immediately takes care of CNC machining, assembly and final testing of the product.

GBM produces components for the sectors:

- Automotive
- Aeronautic
- Military
- Medical
- Hydraulic
- Pneumatic

ON THE FIRST PLACE  
THE CUSTOMER.

LAVORAZIONE  
ALLUMINIO E  
LEGHE

Respect of times delivery and complete assistance to the customer, are essential values in the GBM quality management system:

- Technical consultancy
- Feasibility analysis with simulations to establish any critical issues
- Analysis of production costs
- Programming and optimization of production processes
- Lot traceability
- Supply and storage of raw materials
- Agreed delivery times

GBM is also able to operate as a prime contractor, with the collaboration/cooperation of reliable partners.

WE ARE  
INNOVATIVE. WE WORK IN  
LOGIC OF INDUSTRY 4.0.

Controllo costante e in tempo

LAVORAZIONE  
ALLUMINIO E  
LEGHE

GBM has developed a business digitalization plan that responds to the logic of Industry 4.0.

Through a customized management software and an automated tool store, which reduce machine setup times to the minimum, each order is sent to the production department and checked in real time until delivery.

reale di ogni fase produttiva

**INNOVATIVE  
TECHNOLOGIES.  
OUR 3/4/5 AXES CNC  
MACHINES.**

LAVORAZIONE  
ALLUMINIO E  
LEGHE

Every single piece is made with numerically controlled machines with 3, 4 and 5 axes, able of complex mechanical processing and absolute precision, guaranteed by a modern metrological laboratory for a scrupulous control over the production cycle that checks the tolerances indicated in the technical drawing.

GBM also has an assembly department for assembling and testing the finished product.

**OUR STRENGTHS.  
INNOVATION  
AND HUMAN  
RESOURCES.**

LAVORAZIONE  
ALLUMINIO E  
LEGHE

Constant technological innovation and training of human resources are our strengths that allowed us to grow and be a reference partner for many companies.

Ours goal are continuous growth and improvement of services for maximum customer satisfaction.
