

SLOVTOS

Your business partner
for machined parts ...

In the machine tool
industry business
we have been moving around
for **more than 60 years.**

MILESTONES

1962 Founding of TOS Jasová and the beginning of the production of universal accessories for milling machines

1990 Start of NC machines production

1997 Establishment of SLOVTOS and takeover of TOS production portfolio and start the production of machining parts for other customers

2001 Extension of production small CNC machines

2017 Entry of new owners and investment in administrative

2019-2023 Investment in infrastructure, production hall and machine park

INDUSTRIAL ZONE

Total area: 30.000 m²

- Administration: 500 m²
- Production premises: 2.750 m²
- Other premises: 1.150 m²

ABOUT US

Established SLOVTOS 1997 (1962 TOS)

Turnover 2023 925.000 €

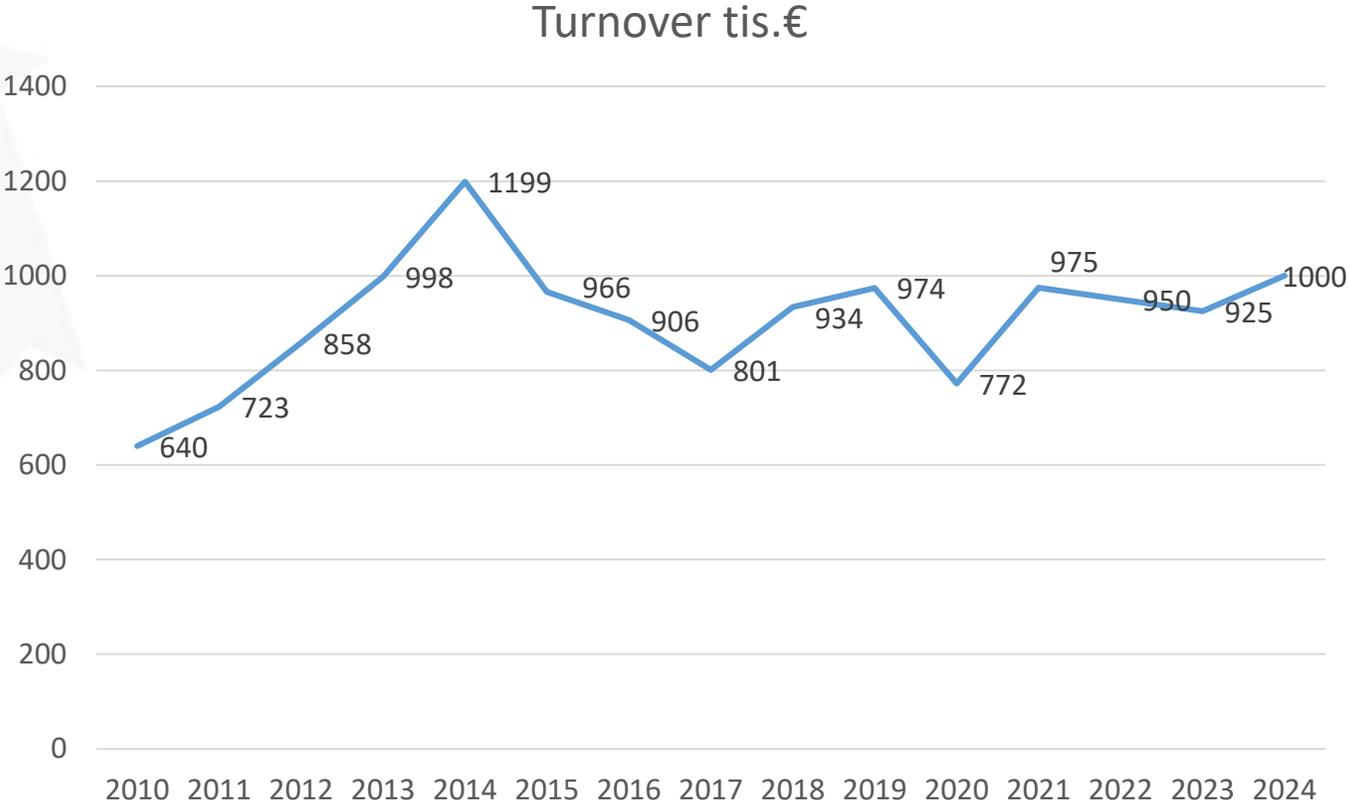

Estimate Turnover 2024 1.000.000 €

Number of employees 23

 In production 18

Average investments / year 133.000 €

Planned inv. 2024 75.000 €

ENGINEERING PRODUCTION

We have many years of experience in precise engineering production and offers, besides its production program, also production capacities for cooperative production. We provide CNC machining of parts, special technologies for the production of tooth systems, heat and surface treatments as well as assembly. We have experience in machining of steel, aluminium and cast iron.

Metalworking

- classic and CNC turning
- classic and CNC milling
- locksmith work

Special production

- production of gearing and worm gear
- production of precision shafts and spindles
- internal, circular and surface grinding
- thread and worm grinding

Heat and surface treatments

- hardening, annealing, cementing
- zinc plating, blackening
- wet painting

MACHINE PARK

MILLING

Vertical CNC milling machine 3axis	1900 x 700 x 600 mm
Vertical CNC milling machine 3axis	860 x 380 x 320 mm
Vertical CNC milling machine 3axis	850 x 510 x 510 mm
3 Vertical CNC milling machine 3axis	500 x 280 x 320 mm
CNC milling centre 4+1 axis	900 x 600 x 450
Vertical milling machine	500 x 400 x 440 mm
Vertical milling machine	1400 x 400 x 450 mm
Vertical milling machine	1250 x 300 x 275 mm
Horizontal milling machine	1000 x 1120 x 1000 mm

TURNING

CNC lathe with C and Y axis	d380 - 550 mm
Universal CNC lathe	d280/140 - 500 mm
Centre lathe	d500 - 2000 mm
Centre lathe	d380 - 1000 mm
Turret lathe	d500 - 450 mm

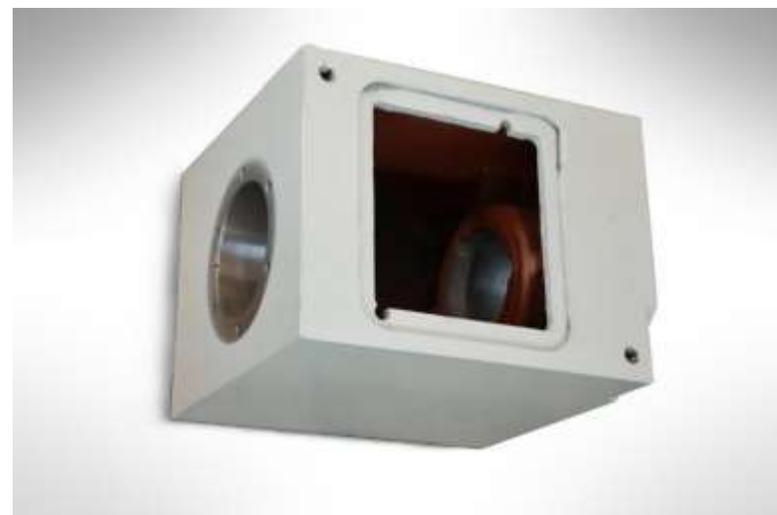

GRINDING

Surface grinding machine	1000 x 300 x 350 mm
Surface grinding machine	630 x 200 x 365 mm
Surface grinding machine vertical	1500 x 300 x 500 mm
Slide way grinding machine	630 x 200 x 400 mm
Circular grinding machine	d500 - 500 mm
Internal diameter grinding machine	internal d10-250
	d250 - 400 mm
Circular grinder	d315 - 1500 mm
Circular grinder	d295 - 1000 mm
Circular grinder	d160 - 250 mm

WHAT WE CAN OFFER?

- tradition in engineering production
- complex machine park
- high quality and delivery times
- experienced quality manager from automotive
- CAM programming
- quality management system ISO:9001
- communication in DE or EN language
- modern ERP system for production management
- free space in area for common business (assembly, special production)

Expectations from our partners

- long-term cooperation with a stable partner
- offered annual work volume up to 20.000 € / month
- assembly of groups / subgroups
- production of welded and machined parts

THANK YOU

Ing. Ladislav Patay, MEng.
Executive Director / CEO
