

# INTRODUCTION OF OUR COMPANY

## OUR BEGININGS

Beginnings of the company date back to 2015 when we started as a small afternoon business in turning on CNC machines.

As business grew we changed our company to a limited liability company Gantar obdelava kovin d.o.o. in the year 2016. With persistence we bought our first new turning machine and afterwards with strong will we brought our machine park to the current size:

- 5x CNC lathe
  - o DOOSAN LYNX 220 LMA
  - o DOOSAN LYNX 2100
  - o HYUNDAI WIA L160 LA
  - o MIYANO BNA 42DHY6 + bar loader
  - o MIYANO BNJ 51 SY6 + bar loader
- 1x milling centre
  - o HYUNDAI WIA F500 PLUS (650mm Z axis)
- 1x band saw for serial cut of pieces
- 1x band saw for cutting unique pieces
- 1x Fronius welding machine + rotating table

## WHAT CAN WE OFFER YOU

In GANTAR obdelava kovin d.o.o. we mainly deal with turning on a CNC lathe and machining on the CNC milling centre. We deal with both the processing of individual pieces as well as large series, depending on customer demand.

We process various materials: aluminium, all types of metals, as well as plastic materials.

Manufacture can be turned from rod pieces, part turning, processing aluminium castings.

We provide our customers:

- supply laser cut pieces with our final processing,
- processing of materials owned by the buyer,

- production of turned pieces, with the possibility of heat treatment and finishing by grinding
- production of complex pieces based on several treatments (in our production we already produce such a complex piece based on several operations):
  - supply of material,
  - CNC turning,
  - CNC milling,
  - welding with an external certified welding company
  - additional machining after welding (CNC turning to final shape)
  - surface protection of pieces with external bussines companies (powder coating, zinc coating ...)
  - packing pieces with protective net
  - own delivery to the subscriber

We can offer all above mentioned services, so our customers can get a complete set of production of parts in one place.

We try to achieve customer's satisfaction with high quality products and regular delivery times.

For more information you can contact us.

Best regards!

GANTAR OBDELAVA KOVIN D.O.O.
