# About Us

- ▶ L.M. Stampi Srl is a leading company specializing in the design and production of molds for plastic injection molding and die-casting of aluminum and zinc alloys (Zamak).
- ▶ With over 40 years of experience, we are the perfect partner for those seeking high-precision and premium-quality solutions.
- ▶ Thanks to cutting-edge technologies and a high degree of flexibility, we deliver customized solutions for the most demanding clients.

# Mission & Vision

## Mission

Our mission is to provide tailored solutions with maximum precision and reliability, leveraging advanced technologies and a deeply collaborative approach.

## Vision

We strive to be a trusted reference for companies seeking innovation, efficiency, and quality, supporting our partners in achieving their goals.

# Our Goals

## Long-Term Partnerships

We aim to build lasting relationships with clients who require a supplier capable of growing alongside them and adapting to their evolving production needs.

## Advanced Technologies

We continuously invest in new technological solutions to offer high-precision molds and support even the most complex production cycles.

## Operational Sustainability

We implement sustainable manufacturing processes to reduce environmental impact and enhance energy efficiency.

# Our Services

L.M. Stampi Srl offers a comprehensive range of services:

## **Mold**

Design | Manufacturing | Maintenance | Repair

---

## **Injection Molding:**

Plastics | Zamak | Aluminum

---

## **Finished Products:**

Customization | Packaging | Quality Control & Testing
