

The logo for Northcut Engineering Ltd features the word "NORTH" in orange, "CUT" in dark blue, and "ENGINEERING LTD" in dark blue below it. The letter "U" in "CUT" is stylized with a dark blue vertical bar on its left side and a dark blue upward-pointing arrow on its right side.

NORTHCUT
ENGINEERING LTD

Your Reliable Partner for Custom Machine Work

Northcut Engineering Overview

Formed November 2022, Northcut utilises advanced machinery and trusted, industry-standard CAD/CAM software to deliver a reliable and efficient range of machining services.

Working from our bespoke manufacturing facility based in Oldham, we specialise in 3, 4 and 5-axis simultaneous machining on our CNC milling machines, ensuring both precision and efficiency for various project requirements. Additionally, through our esteemed partners, we proudly offer larger 3-axis milling & CNC turning services that comfortably accommodate both low and high-volume production levels.

Our machining capabilities span from larger-scale 3-axis machining tasks to intricate and precise 5-axis operations, allowing us to tackle a variety of challenges.

Our ongoing investment plan is in place to continually grow and expand our service and product offering.
