

2024

ABOUT US

“Zagora – Mashining and Design” is a newly established company by two young enigneers in 2019.

Based in Nikolaevo, region Stara Zagora. Located in its own property of 7,000 sq.m, of which 1,500 sq.m renovated building.

We partner with large European companies.

Our mission is to establish ourselves in the field of machining and metalworking.

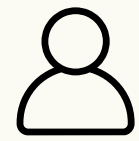

2020 -2021 RENOVATION

in 2020 we started repairing the base and installed the first two machines.

We took the first orders at the beginning of 2021.

We continued with the improvement of the yard and the office area. All invested funds are reinvestments from the company revenue.

We started growing rapidly, adding new people to our team and new clients to our portfolio.

Employees:
6 people

Revenue:

- from: 2021r – 114 600lv
- to: 2025r – 1 000 000 lv – estimated

Investment till now:
around 1 mln.\$

MACHINE PARK

We invest in brand new CNC machines

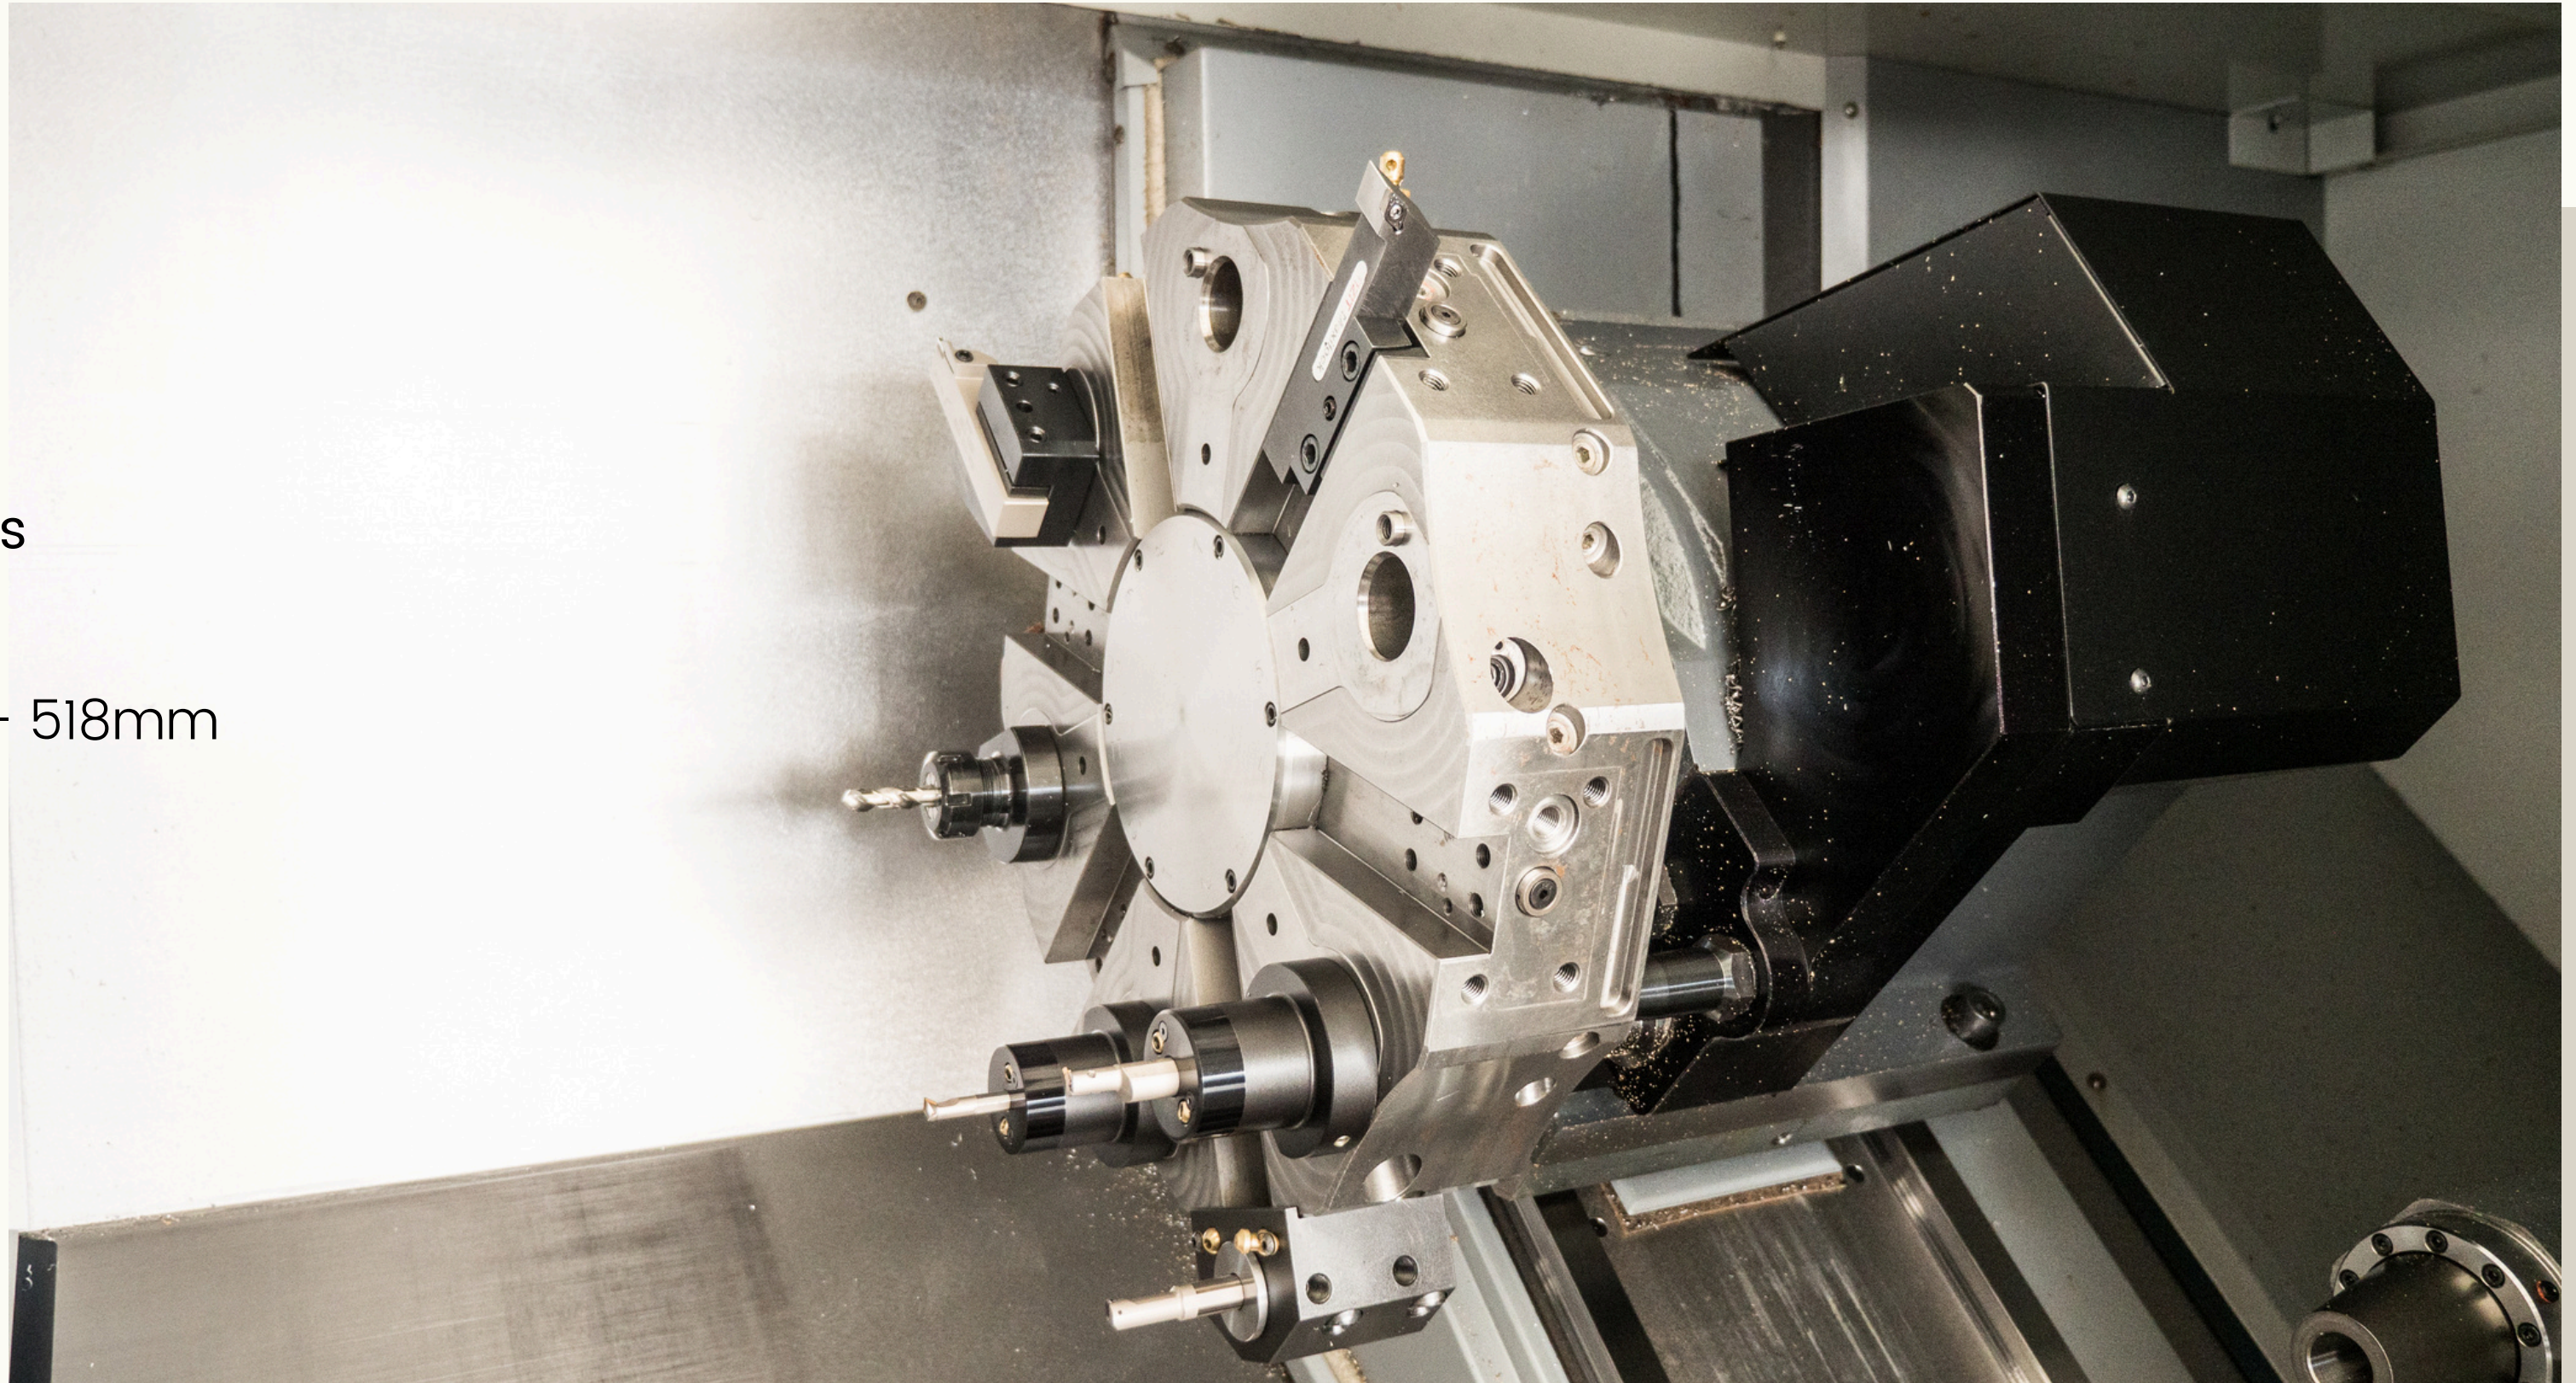

Milling machines

- HAAS VM 3 – 1016mm
- HAAS VF 5/ISO50 – 1270mm
- HAAS UMC750SS 5 AXES

Turning machines

- HAAS ST 30Y – 518mm
- HAAS ST 20Y
+ Bar Feeder

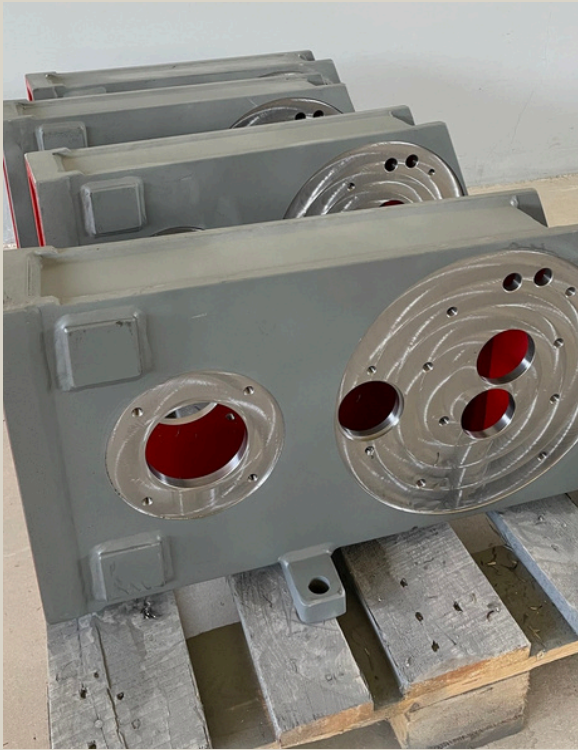

OUR TEAM

THE PRODUCTION TEAM IS CURRENTLY 6 PEOPLE, MAINLY ENGINEERS. EXPERIENCED AND DEDICATED TO ACHIEVING HIGH-TECH SOLUTIONS.

"I believe that Bulgaria offers unlimited opportunities and Bulgarian industry has great potential to modernize"

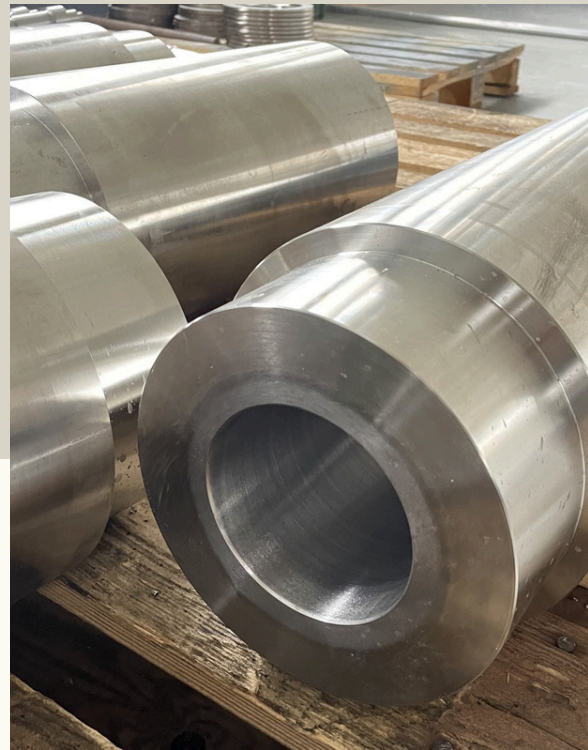

Zlatina Pencheva
Manager

MILLING

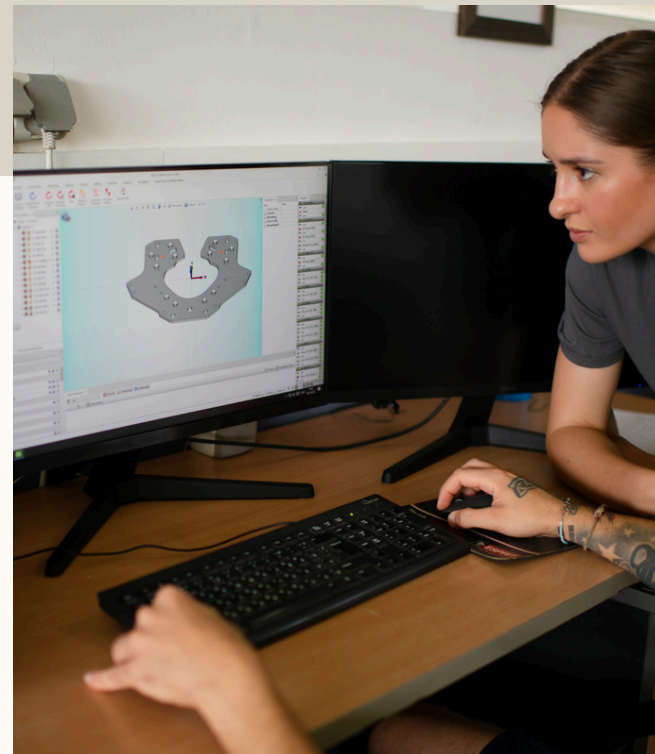

Machining of larger-than-average, high-precision, prototype parts.

As well as bigger series. All kind of metals.

TURNING

Machining of turning parts of high complexity, using Y axis. Sizes up to f350mm.

CAD/CAM

For programing we use a certified software – ESPRIT.

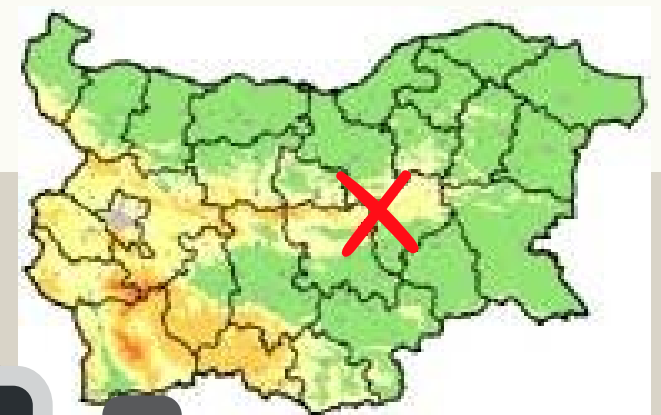

CLIENTS

WHICH ARE THE INDUSTRIES WE WORK FOR?

- METALWORKING
- AUTOMOTIVE INDUSTRY
- SHIPBUILDING
- DRONE CONSTRUCTION
- FOOD INDUSTRY
- MILITARY INDUSTRY

LOCATION

- NIKOLAEVO, TUNDJA 1
- CENTRAL BULGARIA, ON
STRATEGIC LOCATION
CLOSE PROXIMITY
TO RAILWAY TRANSPORT AND
MAIN ROADS.

FUTURE VISION

Completing our 4th accounting year, we are proud of what we have achieved and even more motivated for the future.

Our vision is to create a modern and progressive, well-organized enterprise that will prove itself as a quality partner and employer.

In the next 5 years, we plan to expand the machine park with 10 new machines, improve the built fund and expand the base.
