CZĘŚCI TECHNICZNE DLA PRZEMYSŁU

## PLASTICS FOR VARIOUS INDUSTRIES

We offer a variety of technical spare parts casted with mold injection method or machined.

We use the following raw material in our production process;

PA6, PA6-G, PET, PTFE, PVC, PPS, PEK, PE, PP, POM, PU, Silicon, Rubber, etc.

The mold injection is done with high standard casting machines.

Our precision machining includes conventional and CNC

- milling,
- turning,
- drilling,
- threading, etc.
