

SERVICE CATALOGUE 2026

Printing, Branding & 3D Services

Customized visual-production solutions for companies, products, vehicles and industrial applications.

LIMOPLAST | BOSNIA AND HERZEGOVINA

Limoplast coordinates customized printing, branding, personalization and additive-manufacturing projects for B2B customers. We support prototypes, one-off items, promotional series and repeat production based on approved artwork or customer requirements.

PRINT & CUT

Wide-format graphics, labels, stickers, decals and contour-cut applications.

DIRECT UV PRINTING

Full-colour printing on suitable flat objects, panels and promotional products.

VEHICLE & EQUIPMENT BRANDING

Custom films and graphics for trucks, trailers, vans, machinery and vending equipment.

PROMOTIONAL PRODUCTS

Personalized pens, lighters, mugs, notebooks, cards and corporate merchandise.

SIGNS & BUSINESS PRINT

Safety signs, information panels, stationery, PVC cards and card holders.

3D & LASER SERVICES

Prototypes, replacement components, functional parts, engraving and cutting.

Roland DGXPRESS UG-642

Large-format UV print-and-cut applications, decals, labels and commercial graphics.

Roland VersaOBJECT MO-240

Direct UV printing on suitable flat objects, panels, promotional items and components.

Summa S1 D160 + lamination

Professional foil cutting, contour cutting and protective finishing.

Prusa CORE One+ and Prusa XL

FDM 3D printing for prototypes, functional parts, fixtures and small production runs.

Creality Falcon2 40 W

Laser engraving and cutting on wood and verified compatible metal surfaces.

Epson SureColor SC-F100

Dye-sublimation printing for mugs and suitable flat promotional products.

High-volume A4 colour printing

Business documents, short-run promotional materials and stationery.

File and artwork preparation

Layout adaptation, print preparation and production-ready customer artwork.

Fleet branding

Consistent visual identity across commercial vehicle fleets.

Truck and trailer graphics

Large-format branding designed for visibility and repeatability.

Vending-machine branding

A complete large-format film solution adapted to the client's brand, equipment dimensions and installation location. The design combines clear product communication with a strong visual identity, turning functional equipment into visible advertising.
