EME
SINGULAR

CHALLENGING THE LIMITS

EME SINGULAR was established in 2006 and is an integral part of Alexandre Barbosa Borges, S.A. (ABB). The group was founded in 1968, consolidating along the years its position in the construction business while simultaneously had created a business strategy to work in other areas.

From its inception, EME SINGULAR has been committed to address the ever-changing demands of the market by ensuring top-notch quality and swift project execution.

Specializing primarily in structural steel structures and facade solutions, closely associated with the construction sector, EME SINGULAR provides comprehensive services encompassing design, production and installation in line with our client needs.

OUR EXPERTISES

EME SINGULAR

specialist in steel construction and facade systems

- **CONCEPTION**

EME has a design office, BIM and 3D modelling with specialized staff, equipped with technical resources and equipment.

- **FABRICATION**

Surface de 11000m², divisée en 3 unités industrielles :

1. Steel Strucutures – 5500m²
2. Glazed façades – 3500m²
3. Claddings – 2000m²

Industrial units for cutting, machining, assembly, and welding, fully equipped with all necessary equipment.
