UNISCE SOLIDITÀ E PRECISIONE

S.T.A. WELD s.r.l.

STEEL ATELIER

Construction precision. Technical expertise. Long-term reliability.

Since 1985, we have been transforming drawings and projects into quality structural steelwork, putting our experience, professionalism, and attention to detail at the service of industry.

We specialize in **medium-heavy contract steel fabrication**, manufacturing components, structures, and **welded assemblies made to specification**, handling up to **20 tonnes in weight** and **20 metres in length**.

We call ourselves an "*atelier del ferro*" (iron atelier) because we believe that every process deserves careful attention, every project requires expertise, and every client must be able to rely on a solid, dependable partner.

We do not just build: we work to provide precise, well-crafted solutions tailored to the production needs of those who choose us.

PRODUCTION CAPABILITIES

- Medium-heavy contract steel fabrication.
- Structures up to **20 tonnes** in weight and **20 metres** in length.
- Manufacturing to customer drawings and technical specifications.
- Carbon steel fabrication, with capabilities for stainless steel processing.
- Workable thicknesses **from 3 to 450 mm.**
- **MAG, MIG, and TIG** welding processes.
- **EN 1090** and **ISO 3834** certifications. **ISO 9001** quality management system under development.

STAWELD

UNISCE SOLIDITÀ E PRECISIONE

SECTORS and APPLICATIONS

We manufacture single parts, prototypes, small batches, and complete assemblies, including:

- Machine tool bases
- Welded girders and beams
- Components for industrial machinery and steelworks
- Structural steelwork and custom-designed special fabrications

QUALITY IS BUILT... DETAIL BY DETAIL

Our Strengths

1. **PRECISION**
   We work with strict adherence to technical specifications, geometries, and drawing requirements, with the ultimate goal of ensuring accuracy and execution quality.

2. **INTEGRITY & TRANSPARENCY**
   We believe in professional relationships built on trust. We communicate directly, address critical issues responsibly, and consistently honor our commitments.

3. **EXPERTISE & PROFESSIONALISM**
   The experience we have gained since 1985, combined with the skills of our specialized personnel and the support of our in-house engineering office, allows us to tackle complex processes with structured methods and flexibility.

4. **PUNCTUALITY & RELIABILITY**
   We understand the value of time in industrial production. We organize and coordinate our operations with strict attention to agreed deadlines, because respecting schedules means respecting our clients' business.

5. **FLEXIBILITY & RESPONSIVENESS**
   We guarantee maximum flexibility and rapid execution, both for mass production and small volumes, while maintaining an excellent quality-to-price ratio.

UNISCE SOLIDITÀ E PRECISIONE

FROM RAW MATERIALS TO THE FINISHED PRODUCT

ENGINEERING OFFICE & PRODUCTION PLANNING

Careful **production planning**, which includes the verification of manufacturing design data (such as documents, CAD data, drawings, and technical specifications), allows us to optimize and effectively schedule manufacturing lead times.

We purchase raw materials and carefully select our suppliers, including those for **profile cutting and bending operations**.

We support our clients throughout the various stages of the manufacturing process, utilizing both **in-house operations** and a network of **qualified external partners**.

In-House Operations

- Drilling, tapping, face milling, and chamfering
- Assembly and fitting
- Welding

Complementary Operations & Services

- Milling and turning
- Sandblasting, and liquid or powder coating
- Hot-dip galvanizing
- Heat treatments, including stress relieving and normalizing
- Precision dimensional inspections

A flexible organization that enables the coordination of diverse expertise, streamlines order management, and maintains a steadfast focus on the final result.

STAWELD

UNISCE SOLIDITÀ E PRECISIONE

A SOLID STRUCTURE, A TAILORED APPROACH

S.T.A. WELD s.r.l. operates in Tezze sul Brenta, in the province of Vicenza, across two production facilities spanning **1,400 m² and 1,900 m²**.

Our team, comprising specialized fabricators and **qualified welders**, works in synergy with our in-house engineering office to handle production scheduling, drawing management, and **quality control**.

Our operating system is backed by **EN ISO 3834-2** and **EN 1090-1** certifications, with **execution class EXC 2**.

We combine the flexibility of a dynamic structure with the expertise required to meet the demands of industrial steel fabrication, from single parts to the most challenging projects.

YOUR PROJECT, OUR RESPONSIBILITY

We seek long-term partnerships with companies that value quality, precision, and reliability.

We offer our experience, manufacturing capacity, and dedicated focus on our clients' needs, with a clear goal: to be a partner you can count on, both today and in the future.
