

Company presentation

EXCEEDING EXPECTATIONS IN METAL SOLUTIONS

ROOSEN
INDUSTRIES

Meet the team

• 250 employees

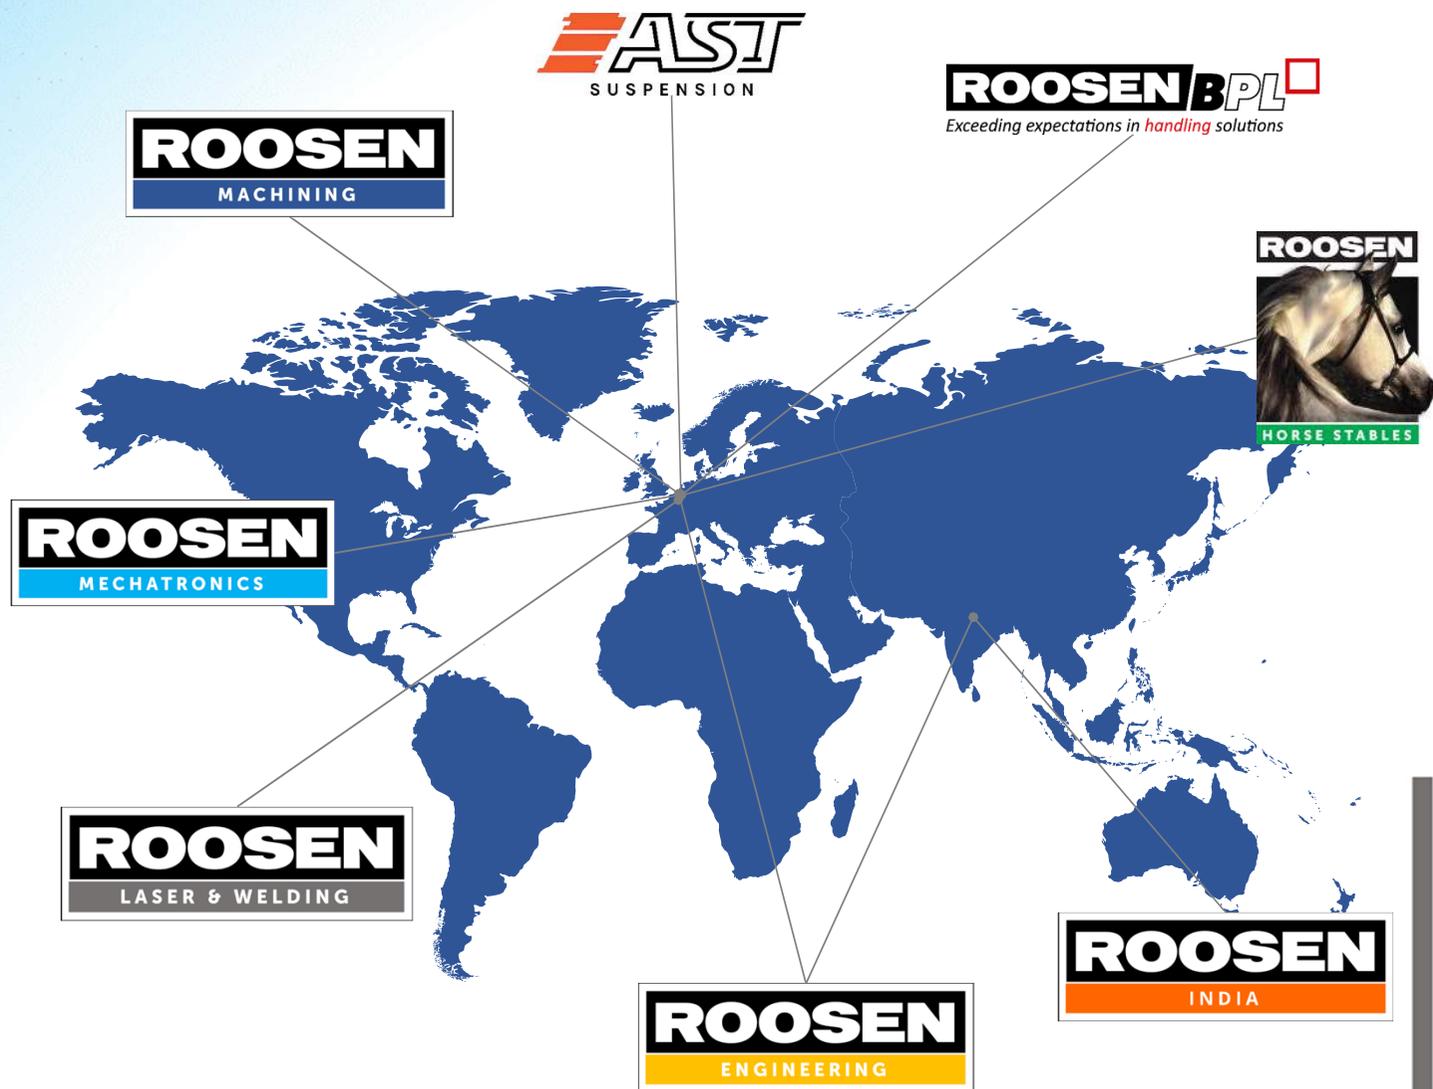

• 5 different production locations

• 2023: € 38.000.000

Roosen Industries

History

Structure

Characteristics

- ■ Member of Koninklijke Metaalunie
- ■ All companies ISO certified
- ■ Uniform ERP system **RIDDER** BUSINESS SOFTWARE
- ■ Customer approach by Account management

- Serie manufacturing (Prototype and 0-series possible)
- High repeatable Quality
- Revision management
- Forecast driven
- PPAP documentation
- From single part till... →

Finished goods stock

REFERENCES

Laser&Welding

- 2x Flat bed laser cutting 1500X3500
- 6x Press brake bending
- 7x Robot welding (2x on track)
Track length till 12 meter
- Welding coordination according to
European standard EWF 652
- Qualified welding ISO 9606
for Alu, (stainless)-steel, separated
from steel production
- ISO 15613 & ISO 15614 (welding
method)
- Surface treatment external

 50

 10.000 m², Arendonk (Be)

Machining

-  Integrex turn milling
-  Turning -/ milling
-  5 axle milling
-  Staf material or Casting – (stainless) Steel & Aluminium
-  Surface treatment external
-  Packing

 50

 5300 m², Valkenswaard (NL)

Machining products

India

-  **Milling & Turning**
-  **Staf material– (stainless) Steel & Aluminium**
-  **Surface treatment external in Europe**
-  **Low costs & European quality**
-  **Monthly shipment**

 90

 5,000 m², Kanpur (India)

Mechatronics

Assembly works

Mechanical

Electrical

Pneumatics

Approved trainee company for
“Leerbedrijf Kenteq”

Manuals & documentation

Packing & transportation

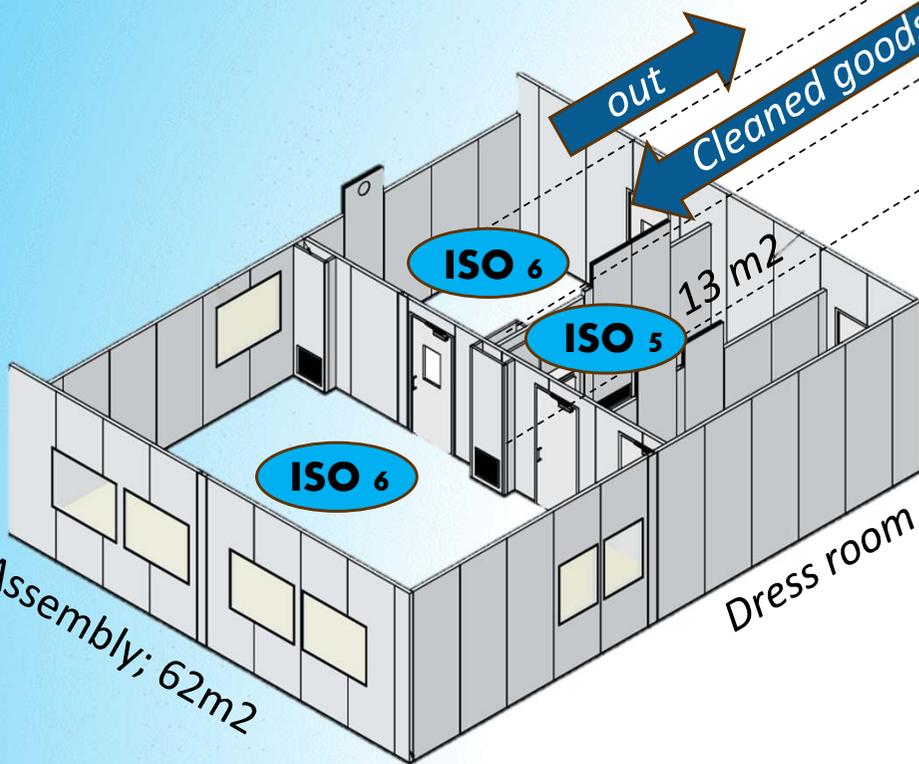

Clean room assembly & cleaning

 25

 5000 m², Eersel (NL)

Cleaning & clean room assemblies

 ISO 6 goods in-/outbound

 Assembly ISO 5 ; 13m2

 Assembly ISO 6 ; 62 m2

 Packing.

 Cleaning process; by a solvent vapor degreaser with PPC-technology.

 Grade 2 cleaning

 Metal element analyzer

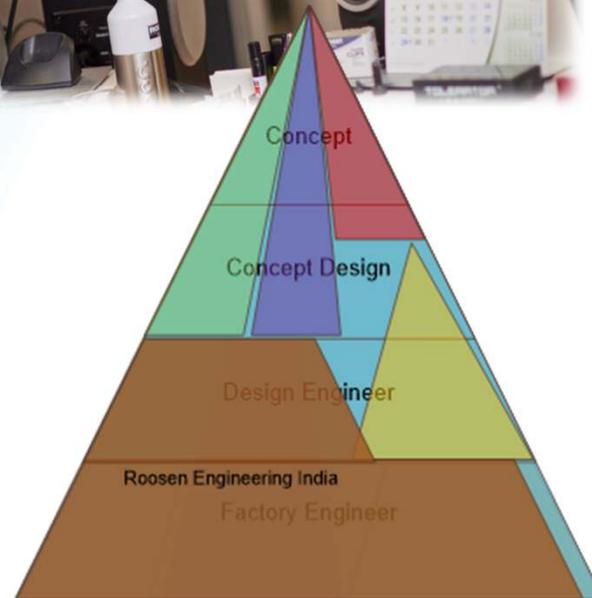

Engineering

-  **Solid works**
-  **Inventor**
-  **Engineering support India**
-  **Tooling & Jig design**
-  **Revision management**

 5-10

 **Netherlands, Belgium, India**

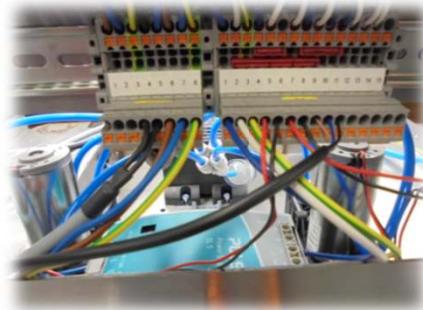

Customer products

Vacuum & sealing project

- Sheet metal by Laser&Welding(stainless steel)
- Assembly by Mechatronics.
- Purchasing all parts
- Mechanical assembly
- Pneumatic assembly
- Electronic assembly
- Heat sealing assembly
- Testing PLC sequence
- Labelling, testing report, packaging

INVESTMENTS

Metal element analyser Q2. '24

Turn – Mill Q1. '24
Integrex turn-mill robotized

Welding Robot
Q2. '24 – 12 meter track – 7 NC axes!

2D-laser cutting - Q3. '24
6KW – automatic (un-)loading

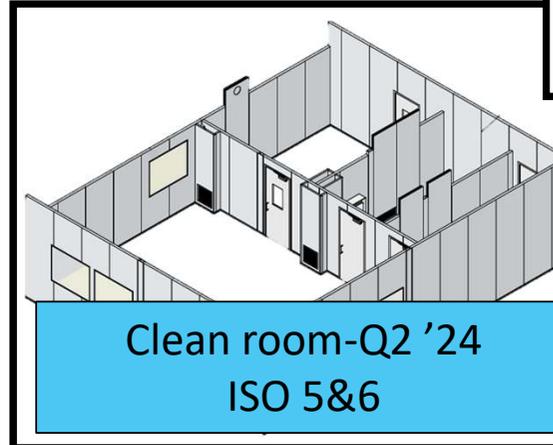

grade 2 cleaning
Q2. '24

Turning-Q4. '23
MSY with auto feeder

Clean room-Q2 '24
ISO 5&6

■ Series production forecast driven

■ Production >> surface treatment >> assembled & packed.

■ 1 single point of contact (Accountmanager)

■ Solar powered production facilities!

■ More than **50** CNC machines

THANKS !

All in one hand.

How can we help you?

MANIPULATORS

ROOSEN BPL 
Exceeding expectations in *handling* solutions

Plate handling by clamping

Roll handling with core

Palletlayer handling

Metal handling by clamping

WHAT?

- Rolls
- Axis / Shafts
- Plates & Panels
- Pallets
- Boxes & Bags
- Barrels & Drums
- Bins & Crates
- Metal products

WHERE?

- Food
- Packaging
- Automotiv
- Pharmacy
- Metal & Wood
- Agricultural
- Logistics
- Printing

“WE HANDLE”

- **MORE THAN 30 YEARS ACTIVE IN HANDLING EQUIPMENT THROUGHOUT THE WORLD**
- **MULTIPLE SAFETIES BUILT IN FOR SECURE AND SAFE HANDLING (CE CERTIFIED EQUIPMENT)**
- **IN-HOUSE ENGINEERING AND ASSEMBLY – MADE IN HOLLAND**
- **VERY LOW MAINTENANCE AND LONGEVITY DUE TO SMART DESIGNS**
- **STANDARD AND CUSTOM-MADE**

WHY A BPL SOLUTION?

ROOSEN/BPL 
*Exceeding expectations in **handling** solutions*

Location: 400 m2 Valkenswaard, NL
