

Machine list [production]

	workspace in mm
Several special purpose machines e.g. revolving transfer machine „Suhner Flexdrill“ (6 stations, robot and multispindle drilling)	parts with 100 mm edge length
5 CNC- steered milling machines; horizontal with 2 or 6 pallets and automatic change	560 x 510 x 510
3 combined mill-turn-machines; CNC- steered with 2x5 achses, power tools and gantry robot	max. turning-Ø 250
Honing machine „Sunnen“	Ø 1,5 – Ø 95
Manual milling machines	600 x 300
Surface-grinding machine	600 x 300
Automatic hacksaw	200 x 200, Ø 230
Turning lathe	Ø 300 x 1000
Drilling and tapping machines	
Belt grinder	

Machine list [quality control]

Mitutoyo Euro Apex 574C Measuring Machine
TESA MICRO HITE measuring instruments
Checking mandrels and SPC-calculators DIATEST
Calibrated measuring and test equipment
Purpose-built leak testing systems
